## COUNCIL HELD A BRIEF SESSION

They Want More and Better Light  
and Turned the Light Bill  
Down.

## SEVERAL SPEECHES WERE MADE

None of Them Were Very Com-  
plimentary to the Present  
System of Lighting.

## COMMITTEE ASKS RECOGNITION

The meeting of council held last  
night was short and sweet.

Cripps and Peach were absent and  
the session was called to order at 7:50  
o'clock. The reading of the minutes  
was dispensed with, and the first  
thing to be taken up was the roll call.

Clerk Hanley had in his possession  
a number of bills that had been re-  
ferred to council by the claims com-  
mittee, and the first bill was that of  
Mayor Davidson for \$62 75 for work  
of prisoners on the streets. It was  
referred back for explanation and a  
bill of Delia Morris for \$70 went on  
the pay roll.

Next came the bill of the Ceramic  
City Light company for 502 arc lights  
and 10 incandescents. Their bill  
amounted to \$656 65, but there was  
an outage of \$23 90.

Immediately there was a kick and  
somebody wanted to know where the  
502 lights were located. It was de-  
cided that it would take too long to  
enumerate them and Nice remarked:

"They give us no service at all. Are  
we to pay the city's money for the  
kind of lights we have been getting?  
I am here to protest against it."

Heddleston took a hand at this  
juncture and said:

"The light committee can do noth-  
ing unless council stays with it, and  
the company knows that council will  
not recognize any recommendation of  
the committee."

President Marshall remarked that if  
there was a kick on the bill it should  
be referred back.

Nice said the city wanted better ser-  
vice and called attention to one light  
that had not been lighted for two  
weeks.

Heddleston reiterated his statement  
that the light committee would get  
no recognition if they would bring in a  
report that somebody remarked that  
the light company was more inter-  
ested in street car lines than they  
were in electric lights.

McLane didn't think there was any  
use to lay the bill over and thought a  
committee should be appointed to con-  
fer with the company.

President Marshall wanted to know  
of Heddleston when the light commit-  
tee had ever brought in a report or  
recommendation except in regard to  
more lights.

Heddleston had nothing to say and  
the president said the members  
would have to quit the discussion or  
make a motion.

McLane moved the bill be referred  
back to the company and Smith sec-  
onded. The motion carried unani-  
mously.

A bill for \$16 for painting the front  
of the East End fire station was laid  
over for two weeks and a bill of Kerr  
Bros for \$9 75 for repairing stalls at  
the East End fire station shared the  
same fate.

The bill of \$313 of the Crocker

City Ice company for building a sewer  
on Tanyard run went to the finance  
committee.

Thomas McLaughlin was given \$4,-  
000 on account on the paving of Penn-  
sylvania avenue.

Smith reported that the park com-  
mission had spent over \$800 and want-  
ed some money. They were given  
\$700.

A telephone message from Lisbon  
said Solicitor Gaston had 22 witnesses  
there in the Nelson case and they  
wanted their fees, which amounted in  
all to \$37 40. It was placed on the pay  
roll.

Clerk Hanley then read the pay roll,  
and when he had finished Heddleston  
wanted to know how Ryan & Rinehart  
could be given \$6,000 on Calcutta road  
when he understood the work had not  
been done according to specifications.  
He said the amount could not be as-  
sessed up if such was the case.

Not another councilman said a word  
and the pay ordinance was passed by  
a unanimous vote.

At this juncture Fisher moved coun-  
cil adjourn and Smith seconded.  
Nice said council shouldn't adjourn  
until it had transacted the city's busi-  
ness, and a vote was taken on the mo-  
tion.

Arnold, Fisher, Marshall and Smith  
voted "yes" and Nice, Heddleston, Mc-  
Lane and McHenry "no," and the mo-  
tion was lost.

Smith asked to be excused, but Mar-  
shall told him to wait.

The bids for paving Rural lane were  
then opened. Ryan & Rinehart bid  
1.22 and James S. Rinehart 1.19. The  
contract was awarded to J. S. Rine-  
hart.

Fisher again moved council adjourn  
and this time two or three councilmen  
put on their coats and started out  
before the vote was taken. It carried  
this time, although a couple of mem-  
bers voted against it.

## COLORED MAN

Drew a Revolver And the Crowd Scat-  
tered in a  
Hurry.

Fights were numerous in the city  
last night. One occurred on Wash-  
ington street and for a time it looked  
as though some one would be hurt.

A young man named Reynolds was  
standing near the Leader store when  
a colored man under the influence of  
liquor came along. He asked him  
if his name was Reynolds and when  
told it was said he was going to kill  
him and pulled a revolver.

The crowd scattered and the colored  
man placed the revolver in his pocket  
and started down the Midway. An  
officer was on the lookout for the  
man, but he could not be found.

## SUSTAINED.

The Petition in the Case of Martin  
Grimes Against William Watson  
Was Dismissed.

Lisbon, Nov. 14.—(Special.)—The  
case of Martin Grimes against Wil-  
liam Watson et al. was heard on a de-  
murrer which was sustained and the  
petition dismissed. Judgment was ren-  
dered in favor of the plaintiff for  
costs.

The case is one contesting the di-  
vision among heirs of a tract of land  
in Knox township, and the court sus-  
tained the demurrer, stating that the  
parties had no course of action or  
grounds for relief which the court has  
the power to grant.

## Admitted to Probate.

Lisbon, Nov. 14.—(Special.)—The  
will in the estate of the late Susan  
Merick, of Fairfield township, has  
been admitted to probate and C. K.  
Gross was appointed executor.

## JACK BRIGHOUSE WAS DISCHARGED

There Was No Evidence to Show  
That He Had Struck Alice  
Gamble.

## CASE WAS HEARD YESTERDAY

A Whole Lot of Witnesses Were on  
Deck to Tell What They  
Knew.

## PRINCIPALS HAD A DISPUTE

The case of Mrs. Alice Gamble  
against John Brighthouse, in which the  
latter was charged with assault and  
battery, was up for a hearing in the  
court of Justice McCarron at 2 o'clock  
yesterday afternoon.

Plaintiff's witnesses were "Chip"  
Gamble, Mrs. Alice Gamble and Mrs.  
Malone. Mrs. Malone did not see  
much of the affair, but saw the  
bump on Mrs. Gamble's head. She  
saw no blows struck.

Gamble and his wife testified that  
Jack had hit Mrs. Gamble and indulg-  
ed in some rather pointed remarks  
in reference to their feelings towards  
the Brighthouse family.

Moses Coll, Lizzie Stofard, S. A.  
Leonard, Fred Headley, Samuel Daw-  
son and Jane Brighthouse were sworn  
for the defense, and the first witness  
called was S. A. Leonard, who knew  
absolutely nothing about the case. He  
was discharged and Mrs. Stofard  
called. She had heard the jangle and  
saw the people congregated along the  
beach, but did not see Brighthouse hit  
Mrs. Gamble.

Moses Coll walked past the crowd  
and kept on without turning his  
head; consequently he did not see any  
blows struck. Sam Dawson was  
standing on the railroad when Chip  
Gamble came along with a jag on.  
He said Gamble told him he was go-  
ing down to clean up the bunch at  
the Brighthouse boat, and Dawson nat-  
urally went along to see the fun. He  
saw a mixup between "Chip" and  
young Jack Kizer, but didn't see the  
Gamble woman hit. Dawson testified  
he could see the whole crowd at once,  
but was watching things pretty close  
and didn't see a lick struck by old  
Jack. Dawson had some difficulty in  
giving testimony, as he had a huge  
wad of tobacco in his mouth which  
he shifted from one cheek to the other,  
and it interfered somewhat with his  
speech.

Mrs. Jane Brighthouse, wife of de-  
fendant, here went on the stand, and  
from the manner in which she gave  
her testimony no doubt was left in the  
minds of those present that she  
meant every word she said. She  
had not proceeded far with her story  
when "Chip" undertook to help her  
out, but she cut him short with: "Look  
here, Gamble, I'm not talking to you."  
"I'm not talking to you, either," said  
Gamble, "I was addressing Squire Mc-  
Carron."

Just then Mrs. Malone and Mrs.  
Gamble began to laugh and Jack Brig-  
house got mad. He leaned over and,  
pointing his finger at Mrs. Malone,  
yelled: "What does that thing know  
about it; she was too drunk to know  
what she did see."

The court said they must be more  
orderly and Mrs. Brighthouse proceeded.  
She said John wasn't off the porch  
during the whole scrap and could not  
have hit the woman.

Fred Headley had returned to work,  
but was sent for and testified that he  
was right on the ground all the time  
and didn't see any blows struck. This  
ended the testimony and the justice  
promptly acquitted defendant, holding  
there was no evidence to convict and  
no case had been made against Brig-  
house.

Jack smiled and said he thought so,  
whereupon Gamble accused the whole  
crowd of giving conflicting testimony,  
allowing as how no one could be con-  
victed with that array of witnesses  
on their side.

McCarron called for order and they  
all filed out—all but Dawson, who  
edged toward the squire and inquired  
about "them there fees."

He was set right on the matter by  
being told that when Gamble settled  
the costs in the case he would be  
paid, and he took another mouthful  
of "scrap" and went his way.

## KLINE WAS FINED.

WELLSVILLE SALOONIST WAS  
BROUGHT INTO COURT.

He Answered to Three Charges of Fur-  
nishing to Minors, And Was  
Fined on Two.

Lisbon, Nov. 14.—(Special.)—Lewis  
Kline, a Wellsville saloonist who  
skipped out before the last grand  
jury, and was arrested in East Pal-  
estine last Saturday, was arraigned  
this morning on three charges of sell-  
ing to minors.

He pleaded guilty to two charges  
and was given \$25 and costs in each  
case.

One case was nollied.

## DID THE OIL MAN LOSE HIS WATCH?

A Man Appeared at the Mayor's Office  
This Morning And Told His  
Story.

An oil man from the Pennsylvania  
fields in the vicinity of Rochester  
drove to that place yesterday morn-  
ing and, putting up his team in Hin-  
kle's livery stable, went to a neigh-  
boring saloon and got drunk.

He boarded a west bound train and  
landed in Liverpool yesterday after-  
noon. He said he spent the time with  
several parties during the evening  
and slept in some office in the lower  
part of town last night. This morn-  
ing he was at police headquarters  
bright and early looking for an offi-  
cer.

He claimed he had been touched for  
a gold watch and chain while drunk  
last night. He had paid \$125 for  
the time piece, and didn't feel like  
giving it up. He did not know  
whether he had any money or not,  
but the last recollection he had he  
owned \$75 in money, and thinks he  
must have been relieved of at least  
part of it.

Officer Mahony spent several hours  
with him today, but nothing could be  
heard of the thieves. The authorities  
are inclined to discredit his story.

## ONE DRUNK

Went to Sleep at Fire Station Stable  
And Was Conveyed to  
City Hall.

Thomas Jones is his name and at  
present he is engaged in keeping one  
of the beds at city jail warm. Jones  
must be a stranger in the city, as he  
walked into the fire station last even-  
ing and went to sleep.

The eagle eye of Patrick Wood  
discovered him and Jones was loaded  
in the patrol and taken to city hall.  
A half pint of whisky and \$1 was  
found on him when he was searched.  
He will get a hearing today.

## WHAN AND GRIM CASES OUT AGAIN

Judge Hole Dismissed the Petition  
For a Second Time and  
Granted Leave

## TO FILE AMENDED PETITION

The Cases Will Probably Now Be  
Carried to Circuit Court  
on Error.

## DEMURRERS WERE SUSTAINED

Lisbon, Nov. 14.—(Special.)—In the  
cases of Officer John Whan and Ar-  
thur Grimm against the city of East  
Liverpool, a demurrer filed by the city  
was sustained in each case.

The demurrers charged that there  
was a misjoinder of parties defendant  
and causes of action, and that the pe-  
tition does not state facts sufficient to  
construct a cause for action.

This puts the case practically out  
of court, although Attorney Clark has  
been granted permission to come into  
court on an amended petition.

He can also carry the case to the  
circuit court on error, and the latter  
course is probably the one he will  
pursue, although he has not yet made  
up his mind.

The demurrer filed by Attorney Mc-  
Garry on behalf of Mayor Bough and  
the bondsmen was also sustained and  
the case against them was dismissed.

## SHE DIDN'T GET IT.

Judge Hole Refused the Request of  
Lizzie Walter for a  
Divorce.

Lisbon, Nov. 14.—(Special.)—Judge  
Hole denied the divorce last evening  
of Mrs. Lizzie Walter in her case  
against S. D. Walter.

Mrs. Walter brought the suit some  
time ago, alleging her husband had  
been guilty of gross neglect of duty.  
She claimed that the defendant had  
for some years been able to earn a  
man's wages and had failed to sup-  
port her. Mrs. Walter has been resid-  
ing in Salem for some time.

## X RAYS USED.

Mrs. T. M. Bennett Has Returned  
Home from a Pittsburg  
Hospital.

Mrs. T. M. Bennett, who was taken  
to the Homeopathic hospital in Pitts-  
burg Monday by Dr. Sloan, returned  
home yesterday afternoon.

While there an x-ray was used and  
it was discovered that a small bone  
at the shoulder was broken. Mrs.  
Bennett is unable to raise her arm.

It will be remembered that Mrs.  
Bennett was very badly injured sev-  
eral weeks ago by a wagon upsetting.  
She is improving very fast.

## MORE CARS.

Council Thinks Street Car Company  
Should Give Passengers Better  
Service.

Last night before council met the  
question of asking the street railway  
company to put on more cars between  
the hours of 6 and 7 a. m. and 5 and  
6 p. m. was discussed and the mem-  
bers of council present were a unit  
in stating that the early morning ser-  
vice was totally inadequate to handle  
the passengers.

a number of bills that had been re-  
ferred to council by the claims com-  
mittee, and the first bill was that of  
Mayor Davidson for \$62 75 for work  
of prisoners on the streets. It was  
referred back for explanation and a  
bill of Delia Morris for \$70 went on  
the pay roll.

Next came the bill of the Ceramic  
City Light company for 502 arc lights  
and 10 incandescents. Their bill  
amounted to \$656 65, but there was  
an outage of \$23 90.

Immediately there was a kick and  
somebody wanted to know where the  
502 lights were located. It was de-  
cided that it would take too long to  
enumerate them and Nice remarked:

"They give us no service at all. Are  
we to pay the city's money for the  
kind of lights we have been getting?  
I am here to protest against it."

Heddeleston took a hand at this  
juncture and said:

"The light committee can do nothing  
unless council stays with it, and  
the company knows that council will  
not recognize any recommendation of  
the committee."

President Marshall remarked that if  
there was a kick on the bill it should  
be referred back.

Nice said the city wanted better ser-  
vice and called attention to one light  
that had not been lighted for two  
weeks.

Heddeleston reiterated his statement  
that the light committee would get  
no recognition if they would bring in a  
report that somebody remarked that  
the light company was more inter-  
ested in street car lines than they  
were in electric lights.

McLane didn't think there was any  
use to lay the bill over and thought a  
committee should be appointed to con-  
fer with the company.

President Marshall wanted to know  
of Heddeleston when the light com-  
mittee had ever brought in a report or  
recommendation except in regard to  
more lights.

Heddeleston had nothing to say and  
the president said the members  
would have to quit the discussion or  
make a motion.

McLane moved the bill be referred  
back to the company and Smith secon-  
ded. The motion carried unani-  
mously.

A bill for \$16 for painting the front  
of the East End fire station was laid  
over for two weeks and a bill of Kerr  
Bros for \$9 75 for repairing stalls at  
the East End fire station shared the  
same fate.

The bill of \$313 of the Crocker

City Ice company for building a sewer  
on Tanyard run went to the finance  
committee.

Thomas McLaughlin was given \$4,-  
000 on account on the paving of Penn-  
sylvania avenue.

Smith reported that the park com-  
mission had spent over \$800 and want-  
ed some money. They were given  
\$700.

A telephone message from Lisbon  
said Solicitor Gaston had 22 witnesses  
there in the Nelson case and they  
wanted their fees, which amounted in  
all to \$87 40. It was placed on the pay  
roll.

Clerk Hanley then read the pay roll,  
and when he had finished Heddeleston  
wanted to know how Ryan & Rinehart  
could be given \$6,000 on Calcutta road  
when he understood the work had not  
been done according to specifications.  
He said the amount could not be as-  
sessed up if such was the case.

Not another councilman said a word  
and the pay ordinance was passed by  
a unanimous vote.

At this juncture Fisher moved coun-  
cil adjourn and Smith seconded.  
Nice said council shouldn't adjourn  
until it had transacted the city's bus-  
iness, and a vote was taken on the mo-  
tion.

Arnold, Fisher, Marshall and Smith  
voted "yes" and Nice, Heddeleston, Mc-  
Lane and McHenry "no," and the mo-  
tion was lost.

Smith asked to be excused, but Mar-  
shall told him to wait.

The bids for paving Rural lane were  
then opened. Ryan & Rinehart bid  
1.22 and James S. Rinehart 1.19. The  
contract was awarded to J. S. Rine-  
hart.

Fisher again moved council adjourn  
and this time two or three councilmen  
put on their coats and started out  
before the vote was taken. It carried  
this time, although a couple of mem-  
bers voted against it.

## COLORED MAN

Drew a Revolver And the Crowd Scat-  
tered in a  
Hurry.

Fights were numerous in the city  
last night. One occurred on Wash-  
ington street and for a time it looked  
as though some one would be hurt.

A young man named Reynolds was  
standing near the Leader store when  
a colored man under the influence of  
liquor came along. He asked him  
if his name was Reynolds and when  
told it was said he was going to kill  
him and pulled a revolver.

The crowd scattered and the colored  
man placed the revolver in his pocket  
and started down the Midway. An  
officer was on the lookout for the  
man, but he could not be found.

## SUSTAINED.

The Petition in the Case of Martin  
Grimes Against William Watson  
Was Dismissed.

Lisbon, Nov. 14.—(Special.)—The  
case of Martin Grimes against Will-  
iam Watson et al. was heard on a de-  
murrer which was sustained and the  
petition dismissed. Judgment was ren-  
dered in favor of the plaintiff for  
costs.

The case is one contesting the di-  
vision among heirs of a tract of land  
in Knox township, and the court sus-  
tained the demurrer, stating that the  
parties had no course of action or  
grounds for relief which the court has  
the power to grant.

## Admitted to Probate.

Lisbon, Nov. 14.—(Special.)—The  
will in the estate of the late Susan  
Merick, of Fairfield township, has  
been admitted to probate and C. K.  
Gross was appointed executor.

## JACK BRIGHOUSE WAS DISCHARGED

There Was No Evidence to Show  
That He Had Struck Alice  
Gamble.

## CASE WAS HEARD YESTERDAY

A Whole Lot of Witnesses Were on  
Deck to Tell What They  
Knew.

## PRINCIPALS HAD A DISPUTE

The case of Mrs. Alice Gamble  
against John Brighthouse, in which the  
latter was charged with assault and  
battery, was up for a hearing in the  
court of Justice McCarron at 2 o'clock  
yesterday afternoon.

Plaintiff's witnesses were "Chip"  
Gamble, Mrs. Alice Gamble and Mrs.  
Malone. Mrs. Malone did not see  
much of the affair, but saw the  
bump on Mrs. Gamble's head. She  
saw no blows struck.

Gamble and his wife testified that  
Jack had hit Mrs. Gamble and indulg-  
ed in some rather pointed remarks  
in reference to their feelings towards  
the Brighthouse family.

Moses Coll, Lizzie Stoddard, S. A.  
Leonard, Fred Headley, Samuel Daw-  
son and Jane Brighthouse were sworn  
for the defense, and the first witness  
called was S. A. Leonard, who knew  
absolutely nothing about the case. He  
was discharged and Mrs. Stoddard  
called. She had heard the jangle and  
saw the people congregated along the  
beach, but did not see Brighthouse hit  
Mrs. Gamble.

Moses Coll walked past the crowd  
and kept on without turning his  
head; consequently he did not see any  
blows struck. Sam Dawson was  
standing on the railroad when Chip  
Gamble came along with a jag on.

He said Gamble told him he was go-  
ing down to clean up the bunch at  
the Brighthouse boat, and Dawson nat-  
urally went along to see the fun. He  
saw a mixup between "Chip" and  
young Jack Kizer, but didn't see the  
Gamble woman hit. Dawson testified  
he could see the whole crowd at once,  
but was watching things pretty close  
and didn't see a lick struck by old  
Jack. Dawson had some difficulty in  
giving testimony, as he had a huge  
wad of tobacco in his mouth which  
he shifted from one cheek to the other,  
and it interfered somewhat with his  
speech.

Mrs. Jane Brighthouse, wife of de-  
fendant, here went on the stand, and  
from the manner in which she gave  
her testimony no doubt was left in the  
minds of those present that she  
meant every word she said. She  
had not proceeded far with her story  
when "Chip" undertook to help her  
out, but she cut him short with: "Look  
here, Gamble, I'm not talking to you."  
"I'm not talking to you, either," said  
Gamble, "I was addressing Squire Mc-  
Carron."

Just then Mrs. Malone and Mrs.  
Gamble began to laugh and Jack Brigh-  
house got mad. He leaned over and,  
pointing his finger at Mrs. Malone,  
yelled: "What does that thing know  
about it; she was too drunk to know  
what she did see."

The court said they must be more  
orderly and Mrs. Brighthouse proceeded.  
She said John wasn't off the porch  
during the whole scrap and could not  
have hit the woman.

Fred Headley had returned to work,  
but was sent for and testified that he  
was right on the ground all the time  
and didn't see any blows struck. This  
ended the testimony and the justice  
promptly acquitted defendant, holding  
there was no evidence to convict and  
no case had been made against Brigh-  
house.

Jack smiled and said he thought so,  
whereupon Gamble accused the whole  
crowd of giving conflicting testimony,  
allowing as how no one could be con-  
victed with that array of witnesses  
on their side.

McCarron called for order and they  
all filed out—all but Dawson, who  
edged toward the squire and inquired  
about "them there fees."

He was set right on the matter by  
being told that when Gamble settled  
the costs in the case he would be  
paid, and he took another mouthful  
of "scrap" and went his way.

## KLINE WAS FINED.

WELLSVILLE SALOONIST WAS  
BROUGHT INTO COURT.

He Answered to Three Charges of Fur-  
nishing to Minors, And Was  
Fined on Two.

Lisbon, Nov. 14.—(Special.)—Lewis  
Kline, a Wellsville saloonist who  
skipped out before the last grand  
jury, and was arrested in East Pal-  
estine last Saturday, was arraigned  
this morning on three charges of sell-  
ing to minors.

He pleaded guilty to two charges  
and was given \$25 and costs in each  
case.

One case was nollied.

## DID THE OIL MAN LOSE HIS WATCH?

A Man Appeared at the Mayor's Office  
This Morning And Told His  
Story.

An oil man from the Pennsylvania  
fields in the vicinity of Rochester  
drove to that place yesterday morn-  
ing and, putting up his team in Hin-  
kle's livery stable, went to a neigh-  
boring saloon and got drunk.

He boarded a west bound train and  
landed in Liverpool yesterday after-  
noon. He said he spent the time with  
several parties during the evening  
and slept in some office in the lower  
part of town last night. This morn-  
ing he was at police headquarters  
bright and early looking for an offi-  
cer.

He claimed he had been touched for  
a gold watch and chain while drunk  
last night. He had paid \$125 for  
the time piece, and didn't feel like  
giving it up. He did not know  
whether he had any money or not,  
but the last recollection he had he  
owned \$75 in money, and thinks he  
must have been relieved of at least  
part of it.

Officer Mahony spent several hours  
with him today, but nothing could be  
heard of the thieves. The authorities  
are inclined to discredit his story.

## ONE DRUNK

Went to Sleep at Fire Station Stable  
And Was Conveyed to  
City Hall.

Thomas Jones is his name and at  
present he is engaged in keeping one  
of the beds at city jail warm. Jones  
must be a stranger in the city, as he  
walked into the fire station last even-  
ing and went to sleep.

The eagle eye of Patrick Wood  
discovered him and Jones was loaded  
in the patrol and taken to city hall.  
A half pint of whisky and \$1 was  
found on him when he was searched.  
He will get a hearing today.

## WHAN AND GRIM CASES OUT AGAIN

Judge Hole Dismissed the Petition  
For a Second Time and  
Granted Leave

## TO FILE AMENDED PETITION

The Cases Will Probably Now Be  
Carried to Circuit Court  
on Error.

## DEMURRERS WERE SUSTAINED

Lisbon, Nov. 14.—(Special.)—In the  
cases of Officer John Whan and Ar-  
thur Grimm against the city of East  
Liverpool, a demurrer filed by the city  
was sustained in each case.

The demurrers charged that there  
was a misjoinder of parties defendant  
and causes of action, and that the pe-  
tition does not state facts sufficient to  
construct a cause for action.

This puts the case practically out  
of court, although Attorney Clark has  
been granted permission to come into  
court on an amended petition.

He can also carry the case to the  
circuit court on error, and the latter  
course is probably the one he will  
pursue, although he has not yet made  
up his mind.

The demurrer filed by Attorney Mo-  
Garry on behalf of Mayor Bough and  
the bondsmen was also sustained and  
the case against them was dismissed.

## SHE DIDN'T GET IT.

Judge Hole Refused the Request of  
Lizzie Walter for a  
Divorce.

Lisbon, Nov. 14.—(Special.)—Judge  
Hole denied the divorce last evening  
of Mrs. Lizzie Walter in her case  
against S. D. Walter.

Mrs. Walter brought the suit some  
time ago, alleging her husband had  
been guilty of gross neglect of duty.  
She claimed that the defendant had  
for some years been able to earn a  
man's wages and had failed to sup-  
port her. Mrs. Walter has been resid-  
ing in Salem for some time.

## X RAYS USED.

Mrs. T. M. Bennett Has Returned  
Home from a Pittsburg  
Hospital.

Mrs. T. M. Bennett, who was taken  
to the Homeopathic hospital in Pitts-  
burg Monday by Dr. Sloan, returned  
home yesterday afternoon.

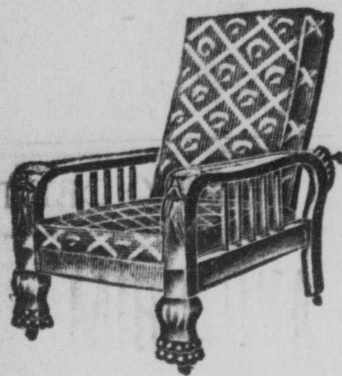

While there an x-ray was used and  
it was discovered that a small bone  
at the shoulder was broken. Mrs.  
Bennett is unable to raise her arm.

It will be remembered that Mrs.  
Bennett was very badly injured sev-  
eral weeks ago by a wagon upsetting.  
She is improving very fast.

## MORE CARS.

Council Thinks Street Car Company  
Should Give Passengers Better  
Service.

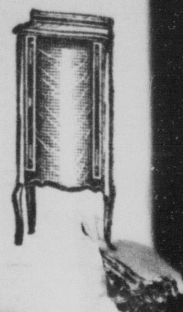

Last night before council met the  
question of asking the street railway  
company to put on more cars between  
the hours of 6 and 7 a. m. and 5 and  
6 p. m. was discussed and the mem-  
bers of council present were a unit  
in stating that the early morning ser-  
vice was totally inadequate to handle  
the passengers.

### OHIO RIVER IMPROVEMENTS

The Following Communication  
From Major W. H. Bixby  
Will Be of Interest

#### TO THE PEOPLE IN THE CITY

The Major Shows Just What Good  
Dams Would Be to the  
River.

#### IT IS WELL WORTH READING

The following information in regard to the improvement of the Ohio river will be read with interest by the people in this city, who are heartily in favor of any plan that will make a boating stage possible the year round:

The communications are as follows:  
Cincinnati, Nov. 2.

Major Wm. H. Bixby, Corps of Engineers, U. S. A., Government building, Cincinnati.

My Dear Sir—If consistent to furnish me information in reply to the following inquiries, you will greatly oblige:

First—Are you sufficiently advised as to express an opinion as to whether a lock or moveable dam located below the mouth of Salt river would have the effect of raising the waters of Salt river to a navigable stage and creating a storage pool in the Ohio, which would reach the mouth of the Louisville canal?

Second—Can you give me an idea of the practical effect upon the harbors at Evansville and Henderson, and upon the outlet of Green river, which would follow the construction of a lock and moveable dam near or below Henderson?

Third—Will you similarly advise me as to the physical and commercial effect of the location of a lock and moveable dam below Brooklyn, on the Ohio river, as to its effect upon the harbor of Brooklyn, Paducah and the mouth of the Tennessee?

Is it possible to forecast that the improvement above referred to would be so located as to become a part of the general scheme of improvement now in progress, which has for its object the securing of a minimum depth of six feet between Pittsburg and Cairo?

Any light which you can throw upon this subject would be of great present interest to the members of this association.

Thanking you in advance for kind attention, I am

Yours very truly,

E. P. WILSON,  
Secretary.

Cincinnati, Nov. 3, 1900.

Mr. E. P. Wilson, Secretary Ohio Valley Improvement Association, Room A., Chamber of Commerce, Cincinnati, O.

Sir—Yours of November 2 is duly received, making inquiries regarding the usefulness and practicability of dams in the Ohio river at points below Salt river, below Henderson and below Brooklyn.

Each dam as now proposed for use

in the Ohio river above the mouth of the Big Miami, is intended to be so arranged as to raise the water about 8 feet at each dam and to give at least a depth of 6 feet in the harbor or pool thereby formed above such dam.

Between Louisville and Salt river the present river slope at a low water stage is about 7 feet in 20 miles; between Green river and Henderson, about 4 or 5 feet in 20 miles; between the mouth of the Cumberland river and Brooklyn, about 3 or 4 feet in 20 miles. A dam of about 8 feet height in the Ohio river just below the mouth of the Salt river would therefore probably back the water for 15 or 20 miles up Salt river, and for about 34 miles up the Ohio river, to probably the foot of the Louisville canal, so to insure 6 feet depth throughout the pool thus established. A similar dam below Henderson would probably form a similar pool of about 30 to 40 miles length, so as to include Henderson, Evansville and the Green river up to the foot of the lowest lock and dam on that river. A similar dam below Brooklyn would form a pool of probably over 40 miles length, so as to include Brooklyn harbor, Paducah harbor, the mouth of the Tennessee and the mouth of the Cumberland. At each place these pools would give deep water over a great many shoals now exceedingly troublesome.

Dams as above described could probably be so located as to become a part of the general scheme of improvement now authorized by congress from Pittsburg to Marietta, and now under the consideration of congress from Marietta to the mouth of the Big Miami, the Indiana state line. So far as now seen the constructions of such dams is entirely practicable, and is merely a question of dollars and cents. Such dams would probably cost: The one below Salt river, \$1,500,000; below Henderson, \$2,500,000; below Brooklyn, \$3,000,000; the cost per mile length of pool or river affected being, however, about the same as in the upper half of the upper Ohio river, where work is now in progress.

My official report of April 17, 1900, on the survey of the river from Marietta to the mouth of the Big Miami, now before congress for its consideration, stated that in my opinion, special advantageous results to commerce, obtained with special quickness, would follow the construction of dams across the Ohio river, whenever such dams were built a short distance below large tributaries and large cities; partly because the large harborages thus obtained in the river would afford fine places for the loading and unloading of coal fleets and other tows and for the stoppage and assemblage of such fleets and tows while awaiting favorable stages for departure up and down both the main river and its tributaries, and partly because such increased harborage would be most advantageously placed by being at the already established centers of population and freight communications, thus giving special stimulus to general commerce and related business interests.

The above estimates as to lengths of pools and costs of work are merely approximate. No definite estimates can be well submitted until the lower portions of the river from the Big Miami to Cairo has been carefully surveyed, in the same way as is being done above the mouth of the Big Miami under the past authority of congress. Such surveys are roughly es-

timated as requiring an appropriation of \$200,000 for their execution. Should congress desire to authorize such surveys, the locations of individual dams and careful estimates for their cost, to be made by this office to congress on its request, will naturally follow closely upon the completion of the survey.

The desirability of such a survey is a matter to be settled by congress through its representatives, in response to the requests of their constituents, accompanied by reasonable proof of the necessity, importance and value of such work to the public at large.

Very respectfully,

W. H. BIXBY,  
Major, Corps of Engineers, U. S. A.

#### AN APPEAL.

This Citizen Pleads for Aid for Our  
Colored Brethren in Their  
Hour of Need.

Mr. Editor—Doubtless many of our good citizens have received the appeal for help, coming from our colored brethren, to enable them to hold their church, which is about to be sold. Personally, I am glad of the opportunity, although sorry that they are so situated. I feel prompted (although unsolicited to do so) to say a word through your valuable columns in their behalf.

Prosperity is bringing into our midst quite a large number of our colored brethren, and it is highly important that the A. M. E. church hold its place among the brotherhood of churches in our city; for, as a rule, they can reach their own people more successfully than any other agency. I personally know many who are identified with this church, and believe them worthy of our help. They are all people who have to work hard, and do not possess much wealth, and are worthy of great credit for their self-sacrificing devotion to their church; and, knowing East Liverpool for 20 years, I predict a hearty response. I will be one of 20 to raise them \$100; and if we give them \$1,500 it will be a paying investment.

J. C. MCCLAIN.

#### DAYTON HOME.

A Letter from One of the Old Veterans Now Residing There.

Comrade Joseph McCoy, a former resident of East Liverpool, now quartered in the Dayton Soldiers' Home, informs us that Montgomery county, Ohio, is Democratic, were it not for the vote of the veterans in the Home, and they came to the rescue in fighting trim, as of old, and elected a member of congress. The comrade informs us that they have a strong temperance organization in the Home, and that it is accomplishing much good. The correspondent says that the old boys from East Liverpool were right on deck, and cast their ballots for the Republican ticket straight. McCoy speaks in warm praise of the Home, and asserts that it is an institution in which the government can take just pride.

#### To the Public.

I hereby warn all merchants and business men, and all concerned, that I will not be responsible from this date, Monday, November 12, 9 a. m., for any debts contracted by my wife, Mrs. Eva May Evans.

Cincinnati, Nov. 3, 1900.

Mr. E. P. Wilson, Secretary Ohio Valley Improvement Association, Room A., Chamber of Commerce, Cincinnati, O.

Sir—Yours of November 2 is duly received, making inquiries regarding the usefulness and practicability of dams in the Ohio river at points below Salt river, below Henderson and below Brooklyn.

Each dam as now proposed for use

in the Ohio river above the mouth of the Big Miami, is intended to be so arranged as to raise the water about 8 feet at each dam and to give at least a depth of 6 feet in the harbor or pool thereby formed above such dam.

Such surveys are roughly es-

timated as requiring an appropriation of \$200,000 for their execution. Should congress desire to authorize such surveys, the locations of individual dams and careful estimates for their cost, to be made by this office to congress on its request, will naturally follow closely upon the completion of the survey.

The desirability of such a survey is a matter to be settled by congress through its representatives, in response to the requests of their constituents, accompanied by reasonable proof of the necessity, importance and value of such work to the public at large.

Very respectfully,

W. H. BIXBY,  
Major, Corps of Engineers, U. S. A.

#### AN APPEAL.

This Citizen Pleads for Aid for Our  
Colored Brethren in Their  
Hour of Need.

Mr. Editor—Doubtless many of our good citizens have received the appeal for help, coming from our colored brethren, to enable them to hold their church, which is about to be sold. Personally, I am glad of the opportunity, although sorry that they are so situated. I feel prompted (although unsolicited to do so) to say a word through your valuable columns in their behalf.

Prosperity is bringing into our midst quite a large number of our colored brethren, and it is highly important that the A. M. E. church hold its place among the brotherhood of churches in our city; for, as a rule, they can reach their own people more successfully than any other agency. I personally know many who are identified with this church, and believe them worthy of our help. They are all people who have to work hard, and do not possess much wealth, and are worthy of great credit for their self-sacrificing devotion to their church; and, knowing East Liverpool for 20 years, I predict a hearty response. I will be one of 20 to raise them \$100; and if we give them \$1,500 it will be a paying investment.

J. C. MCCLAIN.

#### DAYTON HOME.

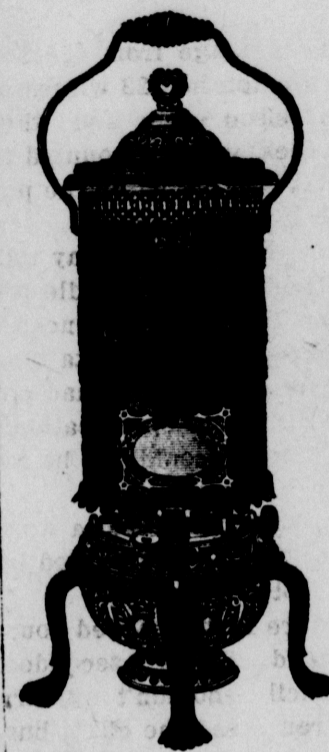

A Letter from One of the Old Veterans Now Residing There.

Comrade Joseph McCoy, a former resident of East Liverpool, now quartered in the Dayton Soldiers' Home, informs us that Montgomery county, Ohio, is Democratic, were it not for the vote of the veterans in the Home, and they came to the rescue in fighting trim, as of old, and elected a member of congress. The comrade informs us that they have a strong temperance organization in the Home, and that it is accomplishing much good. The correspondent says that the old boys from East Liverpool were right on deck, and cast their ballots for the Republican ticket straight. McCoy speaks in warm praise of the Home, and asserts that it is an institution in which the government can take just pride.

### OHIO RIVER IMPROVEMENTS

The Following Communication  
From Major W. H. Bixby  
Will Be of Interest

#### TO THE PEOPLE IN THE CITY

The Major Shows Just What Good  
Dams Would Be to the  
River.

#### IT IS WELL WORTH READING

The following information in regard to the improvement of the Ohio river will be read with interest by the people in this city, who are heartily in favor of any plan that will make a boating stage possible the year round:

The communications are as follows:  
Cincinnati, Nov. 2.

Major Wm. H. Bixby, Corps of Engineers, U. S. A., Government building, Cincinnati.

My Dear Sir—If consistent to furnish me information in reply to the following inquiries, you will greatly oblige:

First—Are you sufficiently advised as to express an opinion as to whether a lock or moveable dam located below the mouth of Salt river would have the effect of raising the waters of Salt river to a navigable stage and creating a storage pool in the Ohio, which would reach the mouth of the Louisville canal?

Second—Can you give me an idea of the practical effect upon the harbors at Evansville and Henderson, and upon the outlet of Green river, which would follow the construction of a lock and moveable dam near or below Henderson?

Third—Will you similarly advise me as to the physical and commercial effect of the location of a lock and moveable dam below Brooklyn, on the Ohio river, as to its effect upon the harbor of Brooklyn, Paducah and the mouth of the Tennessee?

Is it possible to forecast that the improvement above referred to would be so located as to become a part of the general scheme of improvement now in progress, which has for its object the securing of a minimum depth of six feet between Pittsburg and Cairo?

Any light which you can throw upon this subject would be of great present interest to the members of this association.

Thanking you in advance for kind attention, I am

Yours very truly,  
E. P. WILSON,  
Secretary.

Cincinnati, Nov. 3, 1900.  
Mr. E. P. Wilson, Secretary Ohio Valley Improvement Association, Room A., Chamber of Commerce, Cincinnati, O.

Sir—Yours of November 2 is duly received, making inquiries regarding the usefulness and practicability of dams in the Ohio river at points below Salt river, below Henderson and below Brooklyn.

Each dam as now proposed for use

in the Ohio river above the mouth of the Big Miami, is intended to be so arranged as to raise the water about 8 feet at each dam and to give at least a depth of 6 feet in the harbor or pool thereby formed above such dam.

Between Louisville and Salt river the present river slope at a low water stage is about 7 feet in 20 miles; between Green river and Henderson, about 4 or 5 feet in 20 miles; between the mouth of the Cumberland river and Brooklyn, about 3 or 4 feet in 20 miles. A dam of about 8 feet height in the Ohio river just below the mouth of the Salt river would therefore probably back the water for 15 or 20 miles up Salt river, and for about 34 miles up the Ohio river, to probably the foot of the Louisville canal, so to insure 6 feet' depth throughout the pool thus established. A similar dam below Henderson would probably form a similar pool of about 30 to 40 miles length, so as to include Henderson, Evansville and the Green river up to the foot of the lowest lock and dam on that river. A similar dam below Brooklyn would form a pool of probably over 40 miles length, so as to include Brooklyn harbor, Paducah harbor, the mouth of the Tennessee and the mouth of the Cumberland. At each place these pools would give deep water over a great many shoals now exceedingly troublesome.

Dams as above described could probably be so located as to become a part of the general scheme of improvement now authorized by congress from Pittsburg to Marietta, and now under the consideration of congress from Marietta to the mouth of the Big Miami, the Indiana state line. So far as now seen the constructions of such dams is entirely practicable, and is merely a question of dollars and cents. Such dams would probably cost: The one below Salt river, \$1,500,000; below Henderson, \$2,500,000; below Brooklyn, \$3,000,000; the cost per mile length of pool or river affected being, however, about the same as in the upper half of the upper Ohio river, where work is now in progress.

My official report of April 17, 1900, on the survey of the river from Marietta to the mouth of the Big Miami, now before congress for its consideration, stated that in my opinion, special advantageous results to commerce, obtained with special quickness, would follow the construction of dams across the Ohio river, whenever such dams were built a short distance below large tributaries and large cities; partly because the large harbors thus obtained in the river would afford fine places for the loading and unloading of coal fleets and other tows and for the stoppage and assemblage of such fleets and tows while awaiting favorable stages for departure up and down both the main river and its tributaries, and partly because such increased harborage would be most advantageously placed by being at the already established centers of population and freight communications, thus giving special stimulus to general commerce and related business interests.

The above estimates as to lengths of pools and costs of work are merely approximate. No definite estimates can be well submitted until the lower portions of the river from the Big Miami to Cairo has been carefully surveyed, in the same way as is being done above the mouth of the Big Miami under the past authority of congress. Such surveys are roughly es-

timated as requiring an appropriation of \$200,000 for their execution. Should congress desire to authorize such surveys, the locations of individual dams and careful estimates for their cost, to be made by this office to congress on its request, will naturally follow closely upon the completion of the survey.

The desirability of such a survey is a matter to be settled by congress through its representatives, in response to the requests of their constituents, accompanied by reasonable proof of the necessity, importance and value of such work to the public at large.

Very respectfully,  
W. H. BIXBY,  
Major, Corps of Engineers, U. S. A.

## THIS PICTURE AGENTS' SCHEME

Goes to a House and Secures a  
Photograph to Have It  
Enlarged.

WHEN HE RETURNS THE COPY

It Has No Resemblance to the  
Original but He Puts Up  
a Bluff.

AND IS GIVEN HIS MONEY

A picture agent has been doing a  
good business in the vicinity of Lin-  
coln avenue during the past few days.  
The agent has a good graft and has  
been working it for all it is worth.

The scheme is to get a photograph  
to be enlarged, agreeing to do the  
work at a very small cost. This is all  
that requires any effort on his part,  
as the fulfillment of his part of the  
contract—the furnishing of the com-  
pleted picture in good shape—is a  
matter of very little concern to him.

He got a job from a lady of that  
thoroughfare a few days ago. He  
had no hesitancy in making the prom-  
ise that the work would be perfectly  
satisfactory to his customer. When  
the work was presented for inspection  
it looked about as much like the origi-  
nal as a pig resembles a cow, and the  
lady refused to accept it. This is  
where the fellow gets in his work.  
First he makes it a point to visit the  
house when the lady is by herself.  
He said the picture was all right, and  
that he had employed an attorney to  
collect all such accounts. His plan is  
to pretend to be very indignant, and  
in a majority of cases when he has  
finished the lady is so frightened that  
she pays over the money in order to  
avoid the trouble he promises.

The pictures are thought to be  
stock photographs, which werebrought  
here in large quantities, as no effort  
is made to produce a correct likeness.  
The fellow should be run out of  
town.

## COUNTY TREASURER.

Mr. W. A. Thompson, of Salineville,  
Will Enter the Race for  
the Berth.

W. A. Thompson, the well known  
banker of Salineville, was in East  
Liverpool yesterday, circulatingamong  
his numerous friends and acquaintan-  
ces, glad to meet and shake hands  
with them and congratulate Republi-  
cans in general over the notable vic-  
tory just placed on record by the  
Grand Old party. And, incidentally,  
of course, it is whispered that Mr.  
Thompson is not averse to letting the  
public at large, and Republican vot-  
ers in particular, know that he is a  
candidate for the berth of county  
treasurer, and that he desires to cor-  
ral every vote that he can, in an  
honest and honorable manner, as he  
has heard it whispered that he may  
possibly have an opponent or two in  
the battle for the nomination. We  
understand that all he asks is a fair  
field and an open fight, and that he  
feels assured this will be granted to  
him, as his opponents are worthy com-  
petitors and lovers of fair play. Close  
personal friends and warm admirers  
of Mr. Thompson assert that he is  
eminently fitted for the position to  
which he aspires, and that the duties  
of the office of treasurer of Colum-  
biana county will receive careful, con-  
scientious and close supervision in  
case the voters entrust the berth to  
him. We await fuller developments,  
and will tell you all about the result  
when the ballots are deposited.

## FOR THE BOYS.

An Effort is Being Made to Provide a  
Library at Lancaster Industrial  
School.

One of the most important public  
institutions in the state of Ohio is  
the Boys' Industrial School located at  
Lancaster, being a correctional and  
an educational institution. It has an  
average of nearly nine hundred lads  
between the ages of 8 and 18 years,  
and its objects and purposes are to  
bring them up as good men.

With this end in view a movement  
is on foot to supply a library adequate  
to the needs of these growing minds,  
and Mr. Malcolm Jennings, a former  
trustee of the institution, has taken  
charge of the matter. Mr. Jennings  
earnestly invites all people who have  
spare books and magazines, bound or  
unbound, to send them to Hon. C. D.  
Hilles, superintendent of the school  
at Lancaster. Good application will  
be made of them and the gift will be  
appreciated in full measure.

Alliance Review.

The breaking of ground at the  
northwest corner of Mechanic avenue  
and Prospect street, for the new mill  
and elevator to be erected by Messrs.  
Huston and Hill, has progressed rap-  
idly.

T. B. Bahl, of East Liverpool, will  
be chief miller. He has been in the  
city all week and returned home this  
afternoon to arrange for the removal  
of his family here. Mr. Bahl's wife  
and two children will accompany him  
to Alliance next Wednesday. They  
have leased the Arthur Rice residence  
on South Arch avenue. Mr. and Mrs.  
Bahl will be welcomed as Alliance cit-  
izens.

## SMITH WAS PRESENT.

Appeared at the Clerk's Office Arrayed in a Very Fantastic Costume.

He walked into Clerk Hanley's office last evening shortly before council was ready to meet last night. He was attired in a fancy silver colored coat, had on a white vest and wore a plug hat, while his face had been colored a lovely ebony hue. He said his name was J. N. Smith and he came from Smith's Ferry.

He was very much agitated and said he would go to the penitentiary if necessary. He "declaimed" a piece that he had "declaimed" in Geneva, Ohio, and then sang a song. Smith was finally told that he would not have to go to the penitentiary and left with the remark that he was no Jesse James, but he could serve time if necessary.

Parties present who know him state that he is a little off.

## THIS PICTURE AGENTS' SCHEME

Goes to a House and Secures a  
Photograph to Have It  
Enlarged.

WHEN HE RETURNS THE COPY

It Has No Resemblance to the  
Original but He Puts Up  
a Bluff.

AND IS GIVEN HIS MONEY

A picture agent has been doing a  
good business in the vicinity of Lin-  
coln avenue during the past few days.  
The agent has a good graft and has  
been working it for all it is worth.

The scheme is to get a photograph  
to be enlarged, agreeing to do the  
work at a very small cost. This is all  
that requires any effort on his part,  
as the fulfillment of his part of the  
contract—the furnishing of the com-  
pleted picture in good shape—is a  
matter of very little concern to him.

He got a job from a lady of that  
thoroughfare a few days ago. He  
had no hesitancy in making the prom-  
ise that the work would be perfectly  
satisfactory to his customer. When  
the work was presented for inspection  
it looked about as much like the origi-  
nal as a pig resembles a cow, and the  
lady refused to accept it. This is  
where the fellow gets in his work.  
First he makes it a point to visit the  
house when the lady is by herself.  
He said the picture was all right, and  
that he had employed an attorney to  
collect all such accounts. His plan is  
to pretend to be very indignant, and  
in a majority of cases when he has  
finished the lady is so frightened that  
she pays over the money in order to  
avoid the trouble he promises.

The pictures are thought to be  
stock photographs, which were brought  
here in large quantities, as no effort  
is made to produce a correct likeness.  
The fellow should be run out of  
town.

## COUNTY TREASURER.

Mr. W. A. Thompson, of Salineville,  
Will Enter the Race for  
the Berth.

W. A. Thompson, the well known  
banker of Salineville, was in East  
Liverpool yesterday, circulating among  
his numerous friends and acquaintan-  
ces, glad to meet and shake hands  
with them and congratulate Republi-  
cans in general over the notable vic-  
tory just placed on record by the  
Grand Old party. And, incidentally,  
of course, it is whispered that Mr.  
Thompson is not averse to letting the  
public at large, and Republican vot-  
ers in particular, know that he is a  
candidate for the berth of county  
treasurer, and that he desires to cor-  
ral every vote that he can, in an  
honest and honorable manner, as he  
has heard it whispered that he may  
possibly have an opponent or two in  
the battle for the nomination. We  
understand that all he asks is a fair  
field and an open fight, and that he  
feels assured this will be granted to  
him, as his opponents are worthy com-  
petitors and lovers of fair play. Close  
personal friends and warm admirers  
of Mr. Thompson assert that he is  
eminently fitted for the position to  
which he aspires, and that the duties  
of the office of treasurer of Colum-  
biana county will receive careful, con-  
scientious and close supervision in  
case the voters entrust the berth to  
him. We await fuller developments,  
and will tell you all about the result  
when the ballots are deposited.

## FOR THE BOYS.

An Effort is Being Made to Provide a  
Library at Lancaster Industrial  
School.

One of the most important public  
institutions in the state of Ohio is  
the Boys' Industrial School located at  
Lancaster, being a correctional and  
an educational institution. It has an  
average of nearly nine hundred lads  
between the ages of 8 and 18 years,  
and its objects and purposes are to  
bring them up as good men.

With this end in view a movement  
is on foot to supply a library adequate  
to the needs of these growing minds,  
and Mr. Malcolm Jennings, a former  
trustee of the institution, has taken  
charge of the matter. Mr. Jennings  
earnestly invites all people who have  
spare books and magazines, bound or  
unbound, to send them to Hon. C. D.  
Hilles, superintendent of the school  
at Lancaster. Good application will  
be made of them and the gift will be  
appreciated in full measure.

Huston & Hill.

Alliance Review.

The breaking of ground at the  
northwest corner of Mechanic avenue  
and Prospect street, for the new mill  
and elevator to be erected by Messrs.  
Huston and Hill, has progressed rap-  
idly.

T. B. Bahl, of East Liverpool, will  
be chief miller. He has been in the  
city all week and returned home this  
afternoon to arrange for the removal  
of his family here. Mr. Bahl's wife  
and two children will accompany him  
to Alliance next Wednesday. They  
have leased the Arthur Rice residence  
on South Arch avenue. Mr. and Mrs.  
Bahl will be welcomed as Alliance cit-  
izens.

## A COLD AUDIENCE.

It was an extremely cold and unsympathetic audience which assembled last night to hear the artists of the Brockway Concert company.

## PARADE DECLARED OFF.

The parade was declared off last night by Marshal Rhodes, as the indications early in the evening promised a heavy downfall of rain. The jubilators took charge of affairs on our main thoroughfares and had an enjoyable time for a few hours.

## THE TIN HORN.

The tin horn was very much in evidence last night, and the lips of fair maidens did much of the puckering necessary to produce the rich melody permeating the circumambient atmosphere, or words to that effect. As one admiring onlooker remarked: "Let her pucker."

## SEBRING.

The bird's eye view of Sebring, published in yesterday's News Review, attracted much attention. Sebring is rapidly forging to the front. There be hustlers connected with that live and prosperous town; men who know no such word as fail; and they are ably backed by a wide-awake citizenship. Success to Sebring.

## HOW HE VOTED.

He is a well known Prohibitionist, and he voted for Woolley. His wife is a Republican, at least in her sympathies, and she thus expresses herself respecting the casting of her husband's ballot: "My hubby is conscientious as to the casting of his ballot; he voted for Woolley and prayed that McKinley might be elected."

## GRANT STREET SCHOOL.

One of the fairest and most winsome of our Grant street school marms propounded this query to her scholars while in session yesterday: "What is a republic?" And a bright little maiden made answer, without a moment's hesitation: "A republic is the leading industry of Alaska, and it is something very good to eat." A few days since the same teacher propounded the following: "How many oceans are there, and name them?" Quick as a flash came the answer: "Five. Ohio, Indiana, Pennsylvania and New York, and I can't remember the name of the fifth." The teacher gasped for breath momentarily, and then muttered, in an undertone, "Oh, my—swim out."

## PLEASE RETURN SCARF.

## SPECIAL NOTICE.

We respectfully call the attention of our agents, and the music-loving public in general, to the fact that certain parties are manufacturing and have placed upon the market a cheap Piano, bearing a name so similar to our own (with a slight difference in spelling) that the purchaser may be led to believe that he is purchasing a genuine "Sohmer Piano." We deem it our duty to those who have been favorably impressed with the fine quality and high reputation of the "Sohmer Piano" to warn them against the possibility of an imposition by unscrupulous dealers or agents. Every genuine "Sohmer Piano" has the above Trade Mark stamped upon the sounding board.

## CHIEF THOMPSON MADE HIS REPORT

Showed That 110 Arrests Had  
Been Made In the City  
Last Month.

## A LIST OF THE OFFENSES

Mayor Davidson Also Had a Good  
Month and Turned In a  
Lot of Cash.

## REPORT OF FIRE CHIEF MORLEY

During the last month the police department made 110 arrests and the report of Chief Thompson is as follows:

Arrests made by the police department for the month beginning October 10 to November 14, 1900:	
For intoxication .....	45
Disorderly conduct .....	27
Petit larceny .....	5
Disorderly by fighting .....	11
Gambling ..	3
Reckless driving .....	2
Minors entering saloon .....	1
Vagrancy .....	2
Wife beating .....	3
Assault and battery .....	3
Train jumping .....	3
On execution .....	2
Spitting in street cars .....	1
Shooting with intent to kill .....	2
Total .....	110

The report of the fire chief showed that during the month the department had answered 4 fire, 46 patrol and 5 ambulance calls and conveyed 54 prisoners to the city jail.

The report of the mayor showed that he had collected \$188 in fines and licenses during the month.

## Water Was Scarce.

Water was scarce today, one ten-inch main being used to supply the town. The improvements being made on Thompson hill made the lowering of the main in that part of the city necessary. There is some talk of taking five feet of earth off the hill at

the corner of Thompson hill and Ravine street in the near future and this will cause another lowering of the main.

Tuesday—William H. Bryan vs. the Burford Bros. Pottery company; the board of infirmity directors of Mahoning county vs. the board of infirmity directors of Columbiana county.

Wednesday—William Ivers et al. vs. the city of East Liverpool; Albert W. Corns vs. William F. Burton; W. Burton; W. L. Smith et al., administrator, vs. H. R. Hill.

Thursday—John B. McKinnon vs. the Pennsylvania company; William Loudon vs. Lodge Riddle, administrator.

## Has Returned Home.

Sebring News.

Frank Grant returned today to his home in East Liverpool. He has been filling the position of packer at the pottery of the Salem China company during the illness of Harry Allison, the regular packer. The latter is now able to be about his duties.

## Wonderful Courage.

That was a magnificent feat performed by a French regiment when they were fighting the Austrians. It happened a long time ago, but the incident was marked by such superlative valor that it will never be forgotten.

The regiment, under Colonel Wabbert, was sent to take an intrenchment of the Austrians in the heights of the Simplon pass. Arriving at the point, they found the enemy solidly intrenched in what appeared to be an impregnable position. In front of their redoubts and quite separating them from the French force was a deep chasm through which ran a mountain torrent.

How to get across was a problem seemingly impossible to solve. But the colonel was equal to it. He found a long, straight tree with a trunk almost a foot in thickness. This he ordered to be cut down, and the trunk was actually thrust across the chasm under a galling fire. The colonel gave the word to pass over—one man at a time.

The first was shot and pitched down to death in the chasm. The second and third shared his fate, but presently a few succeeded in the desperate attempt. Then the colonel followed, formed the little party on the other side and charged. The enemy, dumfounded at such extraordinary bravery, left their position and fled.—Cassell's.

## Injunctions Will Close Down Mills.

Niles, O., Nov. 14.—Five hundred men will be thrown out of work here by the closing of the forge and plate mills department of the American Sheet Steel company's mills. This action is due to the injunctions threatened by the National Tube company and the Republic Iron and Steel company. The latter company claims that when it sold its sheet mills it was with the agreement that the American company would manufacture only steel sheet.

## Banker's Wife Attacked by Robber.

Chicago, Nov. 14.—The home of Orrin W. Potter, at 130 Lake Shore drive, was entered by a masked burglar, who struck Mrs. Potter in the head with brass knuckles, cutting a deep gash. There was fear that this and the nervous shock would result seriously, but she was resting comfortably. Last April the house was robbed of \$18,000 in diamonds and jewelry, but there was no clue.

It was an extremely cold and unsympathetic audience which assembled last night to hear the artists of the Brockway Concert company.

**PARADE DECLARED OFF.**  
The parade was declared off last night by Marshal Rhodes, as the indications early in the evening promised a heavy downfall of rain. The jubilators took charge of affairs on our main thoroughfares and had an enjoyable time for a few hours.

**THE TIN HORN.**  
The tin horn was very much in evidence last night, and the lips of fair maidens did much of the puckering necessary to produce the rich melody permeating the circumambient atmosphere, or words to that effect. As one admiring onlooker remarked: "Let her pucker."

**SEBRING.**  
The bird's eye view of Sebring, published in yesterday's News Review, attracted much attention. Sebring is rapidly forging to the front. There be hustlers connected with that live and prosperous town; men who know no such word as fail; and they are ably backed by a wide-awake citizenship. Success to Sebring.

**HOW HE VOTED.**  
He is a well known Prohibitionist, and he voted for Woolley. His wife is a Republican, at least in her sympathies, and she thus expresses herself respecting the casting of her husband's ballot: "My hubby is conscientious as to the casting of his ballot; he voted for Woolley and prayed that McKinley might be elected."

**GRANT STREET SCHOOL.**  
One of the fairest and most winsome of our Grant street school marms propounded this query to her scholars while in session yesterday: "What is a republic?" And a bright little maiden made answer, without a moment's hesitation: "A republic is the leading industry of Alaska, and it is something very good to eat." A few days since the same teacher propounded the following: "How many oceans are there, and name them?" Quick as a flash came the answer: "Five. Ohio, Indiana, Pennsylvania and New York, and I can't remember the name of the fifth." The teacher gasped for breath momentarily, and then muttered, in an undertone, "Oh, my—swim out."

Will the lady who got a mink scarf by mistake at Mrs. J. D. West's reception please return to Mrs. R. Thomas and receive her own?  
Pies, pies, G. A. R. hall tonight.

**SPECIAL NOTICE.**  
We respectfully call the attention of our agents, and the music-loving public in general, to the fact that certain parties are manufacturing and have placed upon the market a cheap Piano, bearing a name so similar to our own (with a slight difference in spelling) that the purchaser may be led to believe that he is purchasing a genuine "Sohmer Piano."  
We deem it our duty to those who have been favorably impressed with the fine quality and high reputation of the "Sohmer Piano" to warn them against the possibility of an imposition by unscrupulous dealers or agents. Every genuine "Sohmer Piano" has the above Trade Mark stamped upon the sounding board.

### REPORT OF FIRE CHIEF MORLEY

During the last month the police department made 110 arrests and the report of Chief Thompson is as follows:

Arrests made by the police department for the month beginning October 10 to November 14, 1900:

For intoxication .....	45
Disorderly conduct .....	27
Petit larceny .....	5
Disorderly by fighting .....	11
Gambling ..	3

Wife beating .....	3
Assault and battery .....	3
Train jumping .....	3
On execution .....	2
Spitting in street cars .....	1
Shooting with intent to kill .....	2
<b>Total .....</b>	<b>110</b>

The report of the fire chief showed that during the month the department had answered 4 fire, 46 patrol and 5 ambulance calls and conveyed 54 prisoners to the city jail.

The report of the mayor showed that he had collected \$188 in fines and licenses during the month.

### Water Was Scarce.

Water was scarce today, one ten-inch main being used to supply the town. The improvements being made on Thompson hill made the lowering of the main in that part of the city necessary. There is some talk of taking five feet of earth off the hill at

the corner of Thompson hill and Ravine street in the near future and this will cause another lowering of the main.

### WILL BE HEARD ONCE MORE

Lisbon, Nov. 14.—(Special.)—The following assignment has been arranged for next week in court:

Tuesday—William H. Bryan vs. the Burford Bros. Pottery company; the board of infirmity directors of Mahoning county vs. the board of infirmity directors of Columbiana county.

Wednesday—William Ivers et al. vs. the city of East Liverpool; Albert W. Corns vs. William F. Burton; W. Burton; W. L. Smith et al., administrator, vs. H. R. Hill.

Thursday—John B. McKinnon vs. the Pennsylvania company; William Loudon vs. Lodge Riddle, administrator.

Has Returned Home.  
Sebring News.

Frank Grant returned today to his home in East Liverpool. He has been filling the position of packer at the pottery of the Salem China company during the illness of Harry Allison, the regular packer. The latter is now able to be about his duties.

**Wonderful Courage.**  
That was a magnificent feat performed by a French regiment when they were fighting the Austrians. It happened a long time ago, but the incident was marked by such superlative valor that it will never be forgotten.

The regiment, under Colonel Wabbert, was sent to take an intrenchment of the Austrians in the heights of the Simplon pass. Arriving at the point, they found the enemy solidly intrenched in what appeared to be an impregnable position. In front of their redoubts and quite separating them from the French force was a deep chasm through which ran a mountain torrent.

How to get across was a problem seemingly impossible to solve. But the colonel was equal to it. He found a long, straight tree with a trunk almost a foot in thickness. This he ordered to be cut down, and the trunk was actually thrust across the chasm under a galling fire. The colonel gave the word to pass over—one man at a time.

The first was shot and pitched down to death in the chasm. The second and third shared his fate, but presently a few succeeded in the desperate attempt. Then the colonel followed, formed the little party on the other side and charged. The enemy, dumfounded at such extraordinary bravery, left their position and fled.—Casell's.

**Injunctions Will Close Down Mills.**  
Niles, O., Nov. 14.—Five hundred men will be thrown out of work here by the closing of the forge and plate mills department of the American Sheet Steel company's mills. This action is due to the injunctions threatened by the National Tube company and the Republic Iron and Steel company. The latter company claims that when it sold its sheet mills it was with the agreement that the American company would manufacture only steel sheet.

**Banker's Wife Attacked by Robber.**  
Chicago, Nov. 14.—The home of Orrin W. Potter, at 130 Lake Shore drive, was entered by a masked burglar, who struck Mrs. Potter in the head with brass knuckles, cutting a deep gash. There was fear that this and the nervous shock would result seriously, but she was resting comfortably. Last April the house was robbed of \$19,000 in diamonds and jewelry, but there was no clue.

Arriving at the point, they found the enemy solidly intrenched in what appeared to be an impregnable position. In front of their redoubts and quite separating them from the French force was a deep chasm through which ran a mountain torrent.

### REPUBLICAN STANDARDBEARERS

The people of East Liverpool didn't jollify last night in the way they anticipated, but yet there was enough noise made to convince everybody that the residents were heartily glad that McKinley and Roosevelt had been made the choice of the voters of the United States.

All preparations for the parade had been made and the bands were in uniforms, while the marshals and aides were riding around the streets on the fiery steeds when the weather took a hand in the demonstration and in a short time the rain was coming down in torrents and the wind was so strong that some of the marshals and aides had hard work maintaining a seat on their horses. There was a lot of fast riding in the city and everybody made for shelter.

The parade was at once declared off, but the small boy who had purchased a tin horn in anticipation of the affair was not to be deprived of all his fun, and as soon as the rain stopped he appeared on the streets and made Rome howl.

The spirit of the thing soon spread to the older people and before 8 o'clock the streets were packed with an enthusiastic throng blowing tin horns, shouting for McKinley and making all the noise they could probably crowd into one evening.

While there was no order about the affair, it certainly was a success in the way of a jollification.

**A Jacket of Many Garments.**  
Although Gordon declined to accept the bow's of gold offered him by the Chinese emperor after the suppression of the Taiping rebellion, yet he consented to receive the yellow jacket, a distinction limited to 12 wearers, who constitute the imperial bodyguard.

When the presentation of so exalted an oriental order took place, there was a most remarkable ceremony observed by the Celestial grantees commissioned to personally confer the high mark of the emperor's favor.

To Gordon's astonishment, the operation of putting the yellow jacket in its entirety was a considerable undertaking, between two and three hours, and consisted of putting on one suit and taking off another until a most extensive wardrobe had been gone through.

It comprised robes, robes, jackets, hats, caps, shoes, fans, girdles, thumb rings, of jade and necklaces for all seasons and occasions.

The yellow jacket in its actuality was the last item of the raiment bearing its name, and Gordon was arrayed.—Pearsall Weekly.

### A Fatal Accident.

Salem Herald.  
An accident occurred at the pottery Monday afternoon which will cause the saggerman to lay off for a few days. While turning clay the shaft of the pug mill broke in two, also causing the wheel just above it to break. It may be necessary to get a new pug mill and dog wheel.

## EAST END. BROKE HIS ANKLE.

TWYFORD MET WITH A PAINFUL  
ACCIDENT YESTERDAY.

He Was at Work Unloading Timber  
When a Large Piece Fell  
on Him.

George Twyford, of Dixonville, who is employed as a laborer by John Bell, met with a painful accident at 3 o'clock yesterday afternoon, which will lay him up for some time.

Twyford was engaged in unloading timber from a car at the Laughlin No. 2 plant when a large piece fell on his foot. He fell backward and in the fall his ankle was broken. The gentleman was taken to the office of Dr. Calhoun on Virginia avenue, where the fracture was reduced. The patrol was then called and the injured man taken to his home. He is somewhat improved today, although the member is giving him a great deal of pain.

## HE WANTED TO KNOW.

An Individual Who Thought He Was  
the Only Republican in the  
Place.

An individual from "way down yander," who has been making his home in East End for some time, approached a prominent East Ender last evening, and in a manner which would indicate that he had indulged pretty freely, stated he had just come from down town, and demanded to know where those 7,000 people were that the Republicans had promised would be sent down to take part in the jollification.

The gentleman approached did not know anything about such a promise and the fellow went home, remarking that he believed he was the only Republican in that community.

### Died.

Mr. Henry Pritchard departed this life at 10:30 Wednesday morning, November 14, at the home residence, East End. Deceased was born March 27, 1837. He has been a resident of East Liverpool for 13 years, removing from Wellsville, where he had resided some 16 years. He was a communicant in the Protestant Episcopal church, Wellsville. He leaves five children. Mrs. James Reece, of Apollo, Pa.; Mrs. Frank Adams, Wellsville; W. H. Pritchard, West Lafayette, Ohio; Mrs. John Smith, East End, East Liverpool, and Miss Jennie Pritchard, residing at her father's late residence, East End.

### They Are Hustling.

The improvements at the Laughlin pottery are progressing rapidly. Yesterday morning Contractor Bell unloaded the last of 32 cars of brick at the plant, and was engaged in delivering the first car of lumber when Mr. Twyford was hurt. His injury will delay the work to some extent until another man can be secured.

## SOUTH SIDE. SHOT HIM.

William Messer Received Several Shot  
in His Legs Yesterday  
Afternoon.

John Cunningham, Dick Johnson and William Messer were hunting south of town yesterday, and while Messer was behind a thicket, opposite the other hunters, he received a load of shot in his legs. Johnson had scared up a rabbit, which ran toward the thicket. Unconscious of the fact that Messer was in that direction he fired.

A number of shot took effect in his legs and embedded so deep in the flesh that Cunningham, who made the attempt, was unable to extract them.

He was brought to East Liverpool, where a physician succeeded in removing the shot, and the gentleman is able to be around today.

## DENIED AGAIN.

No Truth in the Report That the Mill  
Will be Taken to  
Wellsville.

The rumor was circulated very frequently on Southside for the past few days to the effect that the rolling mill would be moved to Wellsville.

There was no foundation whatever for the report. Instead there is good reason for the belief that the mill will be started before the end of the present year.

The presence of a stranger in this vicinity a few days ago, who spent some time investigating the condition of the machinery and equipment, gives good foundation for the latter theory.

### Selling the Jersey Cattle.

A sale of Jersey cattle is being held at the Southside livery this afternoon by Hon. P. A. Hugh.

Mr. Pugh has been celebrated for miles around as a breeder of fine stock and sold a large number of fine Jerseys on this occasion.

### Southside Has Measles.

Cases of measles have developed in the families of Messrs. Riley and Noakes, and an epidemic is threatened.

### Making a Visit.

J. C. Cunningham and wife left yesterday for Raytown, where they will visit relatives.

### Digging Ditches.

Contractor Bovard's gang is now at work near the Third street bridge digging ditches for water mains.

### Dipping Department Started.

The dipping department of the Taylor, Lee & Smith pottery was put in operation yesterday for the first time.

### Attending the Sale.

Silas Hobbs, of Pughtown, is in Chester in attendance at the sale this afternoon.

Residents of Chester are complaining of the scarcity of gas.

### Returns Were Not Adequate.

A minister in Glasgow, says The Scottish-American, asked an urchin who was standing looking in at one of the Sabbath school windows how he would like to join the Sunday school and grow up a good man.

"What sort o' Sunday schule is it?" "Stabished?"

"Yes," said the clergyman. "It is connected with the Established church. Are you not coming in?"

"Na," replied the boy. "I tried the 'Stabished Kirk Sunday schule last year, an I only got twa fardin oranges an a pock o' sweets at the Christmas tree, sae I'm gann tae gie the Free kirk a trial this year."

### Played It to the Limit.

Many writers have declared that an Irish gentleman's hospitality is unlimited, but this is a slight exaggeration, as is shown by a story borrowed from a book of Irish memories.

Jerry McCartie was often the guest of friends who on account of his pleasant ways extended to him that sort of old Irish hospitality which enabled a visitor in my own family who came for a fortnight to stay for six years.

In McCartie's case the visit stretched to nearly double that time. After eight or nine years, however, his kinsman got a little tired of his guest and let him know of his old mansion's proposed renovation and that he had signed a contract for having it painted from garret to cellar.

"Ey George," said Jerry, "it's fortunate that I don't object to the smell of paint, and it will be well to have some one to keep an eye on the painters now that the wall fruit is ripening."

Some months passed. Then his host informed him that he was going to be married, adding, "I thought I'd tell you in good time, so that you could make leisurely preparations to go, as the

lady and you may not hit it off as well as you and I do."

With tearful eyes Jerry grasped his cousin's hand, saying:

"Oh, Dan, dear, you have my hearty thanks for your consideration; but, dear, dear boy, surely if you can put up with her I can."

### To Prepare Plant to Resume.

Canal Dover, O., Nov. 14.—Orders have been received from the New York office of the American Sheet Steel company, to have the big Reeves plant placed in condition to resume work at once. Some departments will be in operation within a few days. About 400 men will eventually be given employment.

### Introduced Bill to Disfranchise Negro.

Atlanta, Ga., Nov. 14.—A bill to disfranchise the negro was introduced in the lower house of the Georgia legislature by Representative Hardwick, of Washington county. A bill similar in character was introduced at the last session and defeated.

## REPUBLICAN STANDARD BEARERS

The people of East Liverpool didn't  
jollify last night in the way they an-  
ticipated, but yet there was enough  
noise made to convince everybody  
that the residents were heartily glad  
that McKinley and Roosevelt had been  
made the choice of the voters of the  
United States.

All preparations for the parade had  
been made and the bands were in uni-  
forms, while the marshals and aides  
were riding around the streets on the  
fiery steeds when the weather took a  
hand in the demonstration and in a  
short time the rain was coming down  
in torrents and the wind was so  
strong that some of the marshals and  
aides had hard work maintaining a  
seat on their horses. There was a lot  
of fast riding in the city and every-  
body made for shelter.

The parade was at once declared  
off, but the small boy who had pur-  
chased a tin horn in anticipation of  
the affair was not to be deprived of  
all his fun, and as soon as the rain  
stopped he appeared on the streets  
and made Rome howl.

The spirit of the thing soon spread  
to the older people and before 8  
o'clock the streets were packed with  
an enthusiastic throng blowing tin  
horns, shouting for McKinley and  
making all the noise they could prob-  
ably crowd into one evening.

While there was no order about the  
affair, it certainly was a success in  
the way of a jollification.

**A Jacket of Many Garments.**  
Although Gordon declined to accept  
the bow's of gold offered him by the  
Chinese emperor after the suppression  
of the Taping rebellion, yet he con-  
ceded to receive the yellow jacket, a  
distinction limited to 12 wearers, who  
constitute the imperial bodyguard.

When the presentation of so exalted  
an oriental order took place, there was  
a most remarkable ceremony observed  
by the Celestial grandees commission-  
ed to personally receive the high mark  
of the emperor.

To Gordon's astonishment,  
the operation of putting the yellow  
jacket in its place was a consider-  
able undertaking, between two  
and three hundred men, but simple  
minded soldiers engaged in putting  
on one suit and another until  
a most extensive robe had been  
gone through.

It comprised robes, robes, jack-  
ets, hats, caps, shoes, fans, gir-  
dles, thumb rings, and neck-  
laces for all sorts of occasions.

The yellow robe in its actuality  
was the last of the raiment bear-

TWYFORD MET WITH A PAINFUL  
ACCIDENT YESTERDAY.

He Was at Work Unloading Timber  
When a Large Piece Fell  
on Him.

George Twyford, of Dixonville, who  
is employed as a laborer by John Bell,  
met with a painful accident at 3  
o'clock yesterday afternoon, which  
will lay him up for some time.

Twyford was engaged in unloading  
timber from a car at the Laughlin  
No. 2 plant when a large piece fell  
on his foot. He fell backward and in  
the fall his ankle was broken. The  
gentleman was taken to the office of  
Dr. Calhoun on Virginia avenue,  
where the fracture was reduced. The  
patrol was then called and the in-  
jured man taken to his home. He is  
somewhat improved today, although  
the member is giving him a great deal  
of pain.

An individual from "way down yan-

in East End for some time, approach-  
ed a prominent East Ender last even-  
ing, and in a manner which would in-  
dicate that he had indulged pretty  
freely, stated he had just come from  
down town, and demanded to know  
where those 7,000 people were that the  
Republicans had promised would be  
sent down to take part in the jollifi-  
cation.

The gentleman approached did not  
know anything about such a promise  
and the fellow went home, remarking  
that he believed he was the only Re-  
publican in that community.

## Died.

Mr. Henry Pritchard departed this  
life at 10:30 Wednesday morning, No-  
vember 14, at the home residence,  
East End. Deceased was born March  
27, 1837. He has been a resident of  
East Liverpool for 13 years, removing  
from Wellsville, where he had resided  
some 16 years. He was a communi-  
cant in the Protestant Episcopal  
church, Wellsville. He leaves five  
children. Mrs. James Reece, of Apo-  
lo, Pa.; Mrs. Frank Adams, Wells-  
ville; W. H. Pritchard, West Lafay-

in His Legs Yesterday  
Afternoon.

John Cunningham, Dick Johnson  
and William Messer were hunting  
south of town yesterday, and while  
Messer was behind a thicket, opposite  
the other hunters, he received a load  
of shot in his legs. Johnson had  
scared up a rabbit, which ran toward  
the thicket. Unconscious of the  
fact that Messer was in that direc-  
tion he fired.

A number of shot took effect in his  
legs and embedded so deep in the flesh  
that Cunningham, who made the at-  
tempt, was unable to extract them.

He was brought to East Liverpool,  
where a physician succeeded in remov-  
ing the shot, and the gentleman is  
able to be around today.

## DENIED AGAIN.

No Truth in the Report That the Mill  
Will be Taken to  
Wellsville.

The rumor was circulated very fre-  
quently on Southside for the past few  
days to the effect that the rolling mill  
would be moved to Wellsville.

There was no foundation whatever  
for the report. Instead there is good  
reason for the belief that the mill will  
be started before the end of the pres-  
ent year.

The presence of a stranger in this  
vicinity a few days ago, who spent  
some time investigating the condition  
of the machinery and equipment, gives  
good foundation for the latter theory.

"What sort o' Sunday schule is't?

"Yes," said the clergyman. "It is  
connected with the Established church.

"What sort o' Sunday schule ist' 'Stablished'?"

"Yes," said the clergyman. "It is connected with the Established church. Are you not coming in?"

"Na," replied the boy. "I tried the 'Stablished Kirk Sunday schule last year, an I only got twa fardin oranges an a pock o' sweets at the Christmas tree, sae I'm gaun tae gie the Free kirk a trial this year."

## Played It to the Limit.

Many writers have declared that an Irish gentleman's hospitality is unlimited, but this is a slight exaggeration, as is shown by a story borrowed from a book of Irish memories.

Jerry McCartie was often the guest of friends who on account of his pleasant ways extended to him that sort of old Irish hospitality which enabled a visitor in my own family who came for a fortnight to stay for six years.

In McCartie's case the visit stretched to nearly double that time. After eight or nine years, however, his kinsman got a little tired of his guest and let him know of his old mansion's proposed renovation and that he had signed a contract for having it painted from garret to cellar.

"Ey George," said Jerry. "It's fortunate that I don't object to the smell of paint, and it will be well to have some one to keep an eye on the painters now that the wall fruit is ripening."

Some months passed. Then his host informed him that he was going to be married, adding, "I thought I'd tell you in good time, so that you could make leisurely preparations to go, as the

lady and you may not hit it off as well as you and I do."

With tearful eyes Jerry grasped his cousin's hand, saying:

"Oh, Dan, dear, you have my hearty thanks for your consideration; but, dear, dear boy, surely if you can put up with her I can."

## To Prepare Plant to Resume.

# CHINA CAN'T COMPLY.

## Cabinet Official's Opinion of Demand to Execute 11.

### DR. MORRISON OF SAME OPINION.

Both Say That the Government, as Now Constituted, Is Unable to Fulfill This Demand—Some London Papers Criticize Our Attitude.

Washington, Nov. 14.—It was stated by one member of the cabinet, after the meeting, that there were no advances in the hands of this government tending to confirm the story cabled by Dr. Morrison to the London Times to the effect that the ministers had formulated demands on the Chinese government, which included the execution of 11 high officials, the razing of the Taku forts and the prohibition of the future importation of war material into the empire. Another member, discussing this dispatch, said that previous advances to this government indicated that Dr. Morrison's dispatch was a very fair exposition of the demands that had been formulated by the ministers. He said, however, that there was considerable doubt as to the ability of the Chinese government as now constituted to enforce the execution of the 11 powerful officials indicated in the dispatch.

London, Nov. 14.—The London morning papers are again agitated concerning the stability of the concert of powers in China. The attitudes of Germany and the United States meet with the disapproval of some, the former because Count Von Waldersee has sent a column to destroy the Ning Tombs, an act which is regarded as needlessly vindictive and the latter because it threatens to break up the concert.

Dr. Morrison, writing to the Times on Sunday, expresses the opinion that China will "readily accede to all the terms of the conjoint note, except the execution of the princes and officials, which it will be impossible to fulfill while the court is in the hands of these very officials."

"Considerable curiosity is felt at Tien Tsin," says the Shanghai correspondent of The Times, "as to the whereabouts of the Japanese forces, which, though not leaving the country, are disappearing from Peking and Tien Tsin, it is not known whither."

### 200 Chinese Killed.

London, Nov. 14.—A special dispatch from Tien Tsin, dated Nov. 10, says a force of Russians has captured the arsenal northeast of Yang Tsun, with trifling loss, killing 200 Chinese and capturing a quantity of arms and treasure.

## COMPLIMENT TO CABINET.

President Asked Them to Remain in Office—All Responded Favorably.

Root Not Present.

Washington, Nov. 14.—President McKinley announced clearly and forcefully to the members of his cabinet his desire that they should all remain with him during the four years of his coming administration. His wishes were made known in an extended speech at the cabinet meeting in the white house. Responses were made by all of the members present, and, while there were no definite pledges from any of them that they would accept the portfolios thus tendered afresh there was on the other hand no definite declination.

It is understood generally that there is but one doubtful factor in the homogeneity of the present cabinet. That factor is Attorney General Griggs, as he holds his present position at a great financial sacrifice. Still, Mr. Griggs replied in terms of warm appreciation to the complimentary remarks of the president, and voiced no intention of retiring from his present position.

Secretary Root was the only absent member from the meeting, having left for Cuba to look over railway affairs there and, at the same time, to try to recuperate from his long and serious illness. The list of responses, therefore, was all but complete. It is known that Secretary Root is in much the same position as Attorney General Griggs, holding his position at considerable sacrifice, but willing at the same time to sacrifice a good deal to comply with the expressed wish of the president.

In the course of his speech he said that if the result of the recent election was an endorsement of his administration, it was no less an endorsement of the men who had stood by him in the time of stress and neces-

success, he said, of his various de-

## THE PRESIDENT'S MESSAGE.

Cabinet Meeting Devoted Largely to the Discussion Between the President and His Advisers of the Forthcoming Message to Congress.

Washington, Nov. 14.—The cabinet meeting was devoted largely to the discussion between the president and his advisers of the forthcoming message to congress. Each of the members furnished a forecast of his annual report, but none of the reports were in shape for formal presentation. It was practically decided that the recommendation in the message on the subject of the war revenue taxes will advocate a small reduction, scaling down the total revenue about \$15,000,000. Just where the decrease will be made has not been determined.

Considerable attention will be devoted to the Nicaraguan canal in the message, but the president's recommendations are not yet clearly formulated.

The Chinese question was discussed only in a general way.

## WILL DEMAND GOV. TAYLOR.

Beckham to Apply to Durbin—Kentucky Election Returns to Be Canvassed Dec. 8—Both Sides Will Watch.

Frankfort, Ky., Nov. 14.—The state election board will meet December 8 to canvass the returns and officially declare the result of the election in this state. While the Republicans have formally conceded the election of Beckham as governor and announced that there would be no contest, both Republicans and Democrats will be represented by counsel at the canvass of the vote. Every phase of the election will be closely watched by both sides, as matters may arise which will have a bearing on the contests for congressmen in two districts—the Third and the Ninth.

Governor Beckham will be inaugurated December 11. It is said one of the first official papers Governor-elect Durbin, of Indiana, will have to consider when he takes office will be a requisition from Governor Beckham for the return of former Governor Taylor and ex-Secretary of State Finley to this state for trial. Leading Republicans claim to have assurances from Indiana Republican leaders that Mr. Durbin will follow the precedent set by Governor Mount in these cases and will refuse to honor the requisition.

## FOUGHT A BLOODY FIGHT.

Broad a Horrible Slight and Half Unconscious—Gave McGovern a Kiss Latter Given Decision.

Chicago, Nov. 14.—Kid Broad, of Cleveland, stayed six rounds with Terry McGovern at Tattersalls. McGovern had the fight well in hand. Broad fought a wonderful fight, mixing it freely with McGovern at all stages and scoring two clean knock downs. A third time he landed a left on McGovern, sending him nearly down. Broad kept his feet throughout the fight, except in the first round, when he was knocked down, and in the sixth, when he went down of his own accord to rest. He could not have fought another round, however, and was completely smothered by the storm of blows which the champion rained upon him.

The fight was made under articles calling for 126 pounds at 3 o'clock. McGovern's weight was announced as 122½ and Broad's as 125.

Broad was hardly able to see because of the blood that poured in his eyes, and found it hard to breathe because of the gore that filled his mouth and nose. He was one red smear from his forehead to his waist, and McGovern was little better, all the blood, however, coming from Broad. The bell rang at the end of the sixth round, with Broad hanging on for dear life and in a half-conscious condition. The men were in the center of the ring when the end came, and as McGovern turned to go to his corner Broad put both hands on his shoulders, and, placing his bloody face close to McGovern's, gave him a hearty kiss. Referee Siler awarded the decision to McGovern.

## MRS. DAVIS ALARMED.

### The Senator Not Aware of His Condition.

### BRIGHT'S DISEASE IS CONFIRMED.

Dr. Murphy Agrees With the Diagnosis of the Other Physicians—A Strong Fight Will Be Made For the Sick Man's Recovery.

St. Paul, Minn., Nov. 14.—The grave complications disclosed by the bulletin issued by the physicians in attendance upon Senator C. K. Davis have greatly depressed his family and friends, who had hitherto been hopeful of a favorable outcome of the prolonged illness. His wife, his aged parents and two sisters, who are in constant attendance upon him, now fully realize the probability of a fatal result, and that at no distant time. It is said that the senator himself is not cognizant of the extremely serious character of his illness, though he is, of course, aware that he is being treated for another and possibly more serious ailment than that with which he at first contended.

A statement was made by a close friend of the family, who said that Mrs. Stone and Lankester Monday discovered evidences of Bright's disease. Up to that time no organic kidney trouble had been disclosed. Upon this discovery it was thought best to acquaint Dr. Murphy, of Chicago, of the changed conditions and to bring him here for another consultation. Dr. Murphy arrived Monday and corroborated the diagnosis of the local physicians. He regards the case now as grave, for kidney trouble at this stage is a serious symptom. When Dr. Murphy was last here he believed there was a fair chance for recovery. He is not so sanguine now. Everything that medical skill can do is being done for the distinguished statesman.

## TWELVE VICTIMS MISSING.

Some Who Perished With City of Monticello Won't Be Found—Several Funerals Held.

Yarmouth, N. S., Nov. 14.—Twenty-four bodies of victims of the City of Monticello disaster have been recovered and identified, and those belonging out of town forwarded to their homes in St. John, Moncton, Barrington, Halifax, Lockeport and other places for interment. The bodies of 12 other persons are still missing. As some of them went down with the Monticello in deep water their remains may never be found.

The funerals of several local victims of the disaster took place. Mourning emblems are displayed on every side.

## FUNERAL OF VILLARD.

To Occur This Afternoon—Interment to Be at Sleepy Hollow Cemetery.

New York, Nov. 14.—Arrangements were made at Dobbs Ferry, N. Y., for the funeral of the late Henry Villard, which will take place from the family residence, "Thorwood," at 3:15 o'clock this afternoon.

There will be no pallbearers, the casket being carried by porters, who will attend until the interment in the family plot at Sleepy Hollow cemetery.

### Notorious Criminal Escaped.

Wilkesbarre, Pa., Nov. 14.—William Schaeffer, a notorious young criminal, escaped from the custody of Deputy Sheriff Ufaloffsky. ### Favored Compulsory Arbitration.

Washington, Nov. 14.—The industrial commission heard the testimony of L. P. McCormick, labor commissioner of Indiana. He favored compulsory arbitration. Other witnesses were also heard.

### Killed His Two Partners.

Bonita, La., Nov. 14.—In a fight over

the business affairs connected with the operation of a store here, P. S. Batchelor killed his partners, J. A. Williams and F. F. Welbourn. All three were prominent citizens.

## MAGNIFY GOD'S GREATNESS.

W. C. T. U. Convention Call Says Members Overcome Obstacles—Day of Prayer Nov. 30.

Chicago, Nov. 14.—Mrs. L. N. Stevens, president, and Mrs. S. M. D. Fry, corresponding secretary, have issued a call for the twenty-seventh national convention of the Women's Christian Temperance union, to meet Nov. 30 to Dec. 7, in Washington, D. C.

The time as well as the place of our meeting is significant. It is the month of the opening of the United States congress, in both of which we have intense interest, but in the words of Miss Willard's convention call for 1896 "we shall meet not as a political party; not as financiers, and yet as those profoundly interested in finance; not as statesmen, but we trust as stateswomen—the women of a great nation, baptized with a mighty earnestness, endowed with a clear vision that enables us to see that whatever else the nation and individuals constituting that nation may need, the primal note is applied righteousness."

Already it is known that a large number of states have made a net gain of 500 or more members during the last year. The activity of state officials, organizers and other workers has never been surpassed, and never have the hearts of the white ribbon women been more closely knit together nor more fully set to do good. They have learned to magnify not the size of the giants or the lions by the way, but the greatness and the goodness of the Father of us all.

We speak universal observance of the day of prayer, Friday, Nov. 30, to the end that we may have a pillar of cloud by day and a pillar of fire by night, not only at the convention, but during the entire year.

## FOR SOUTHERN EDUCATION.

Money Voted to Black and White Schools by M. E. Freedmen's Aid Society.

New York, Nov. 14.—The Freedmen's Aid and Southern Educational society met at Newark, N. J., with Bishop Edward G. Andrews presiding. The following appropriations for academies for colored people were made:

Central Alabama academy, Huntsville, Ala., \$900; Cockman academy, Jacksonville, Fla., \$2,100; Gilbert academy, Winsted, La., \$2,000; Haven academy, Waynesboro, Ga., \$135; La Grange academy, La Grande, Ga., \$100; Meridian academy, Meridian, Miss., \$700; Morristown academy, Morristown, Tenn., \$3,000; Samuel Houston academy, Austin, Tex., \$900; West Tennessee academy, Mason, Tenn., \$75.

After a discussion of the negro question appropriations were granted white academies.

## EPISCOPAL CONGRESS.

After Prayer, Bishop Potter Delivered a Sermon—Communion Followed.

Providence, R. I., Nov. 14.—The twentieth annual congress of the Episcopal church of the United States was opened in Grace church here. Bishop Potter, of New York; Bishop McVicar, of Rhode Island, and a number of other prominent clergymen were present. Bishop McVicar presided. After morning prayer Bishop Potter delivered a brief sermon.

A solemn service of communion followed, after which the meeting adjourned until last evening.

## REQUIEM MASS FOR DALY.

Interment to Be in Montana—Expressions of Condolence Received.

New York, Nov. 14.—The body of Marcus Daly remained in the great reception room of the house he intended to make his home, No. 725 Fifth avenue. Many visitors left their cards there, with expressions of their grief, and the family received telegrams of condolence from those who were Mr. Daly's friends in the west.

A requiem mass will be celebrated at St. Patrick's cathedral today and the burial will be in Montana. The pallbearers are J. B. Haggin, John W. Mackay, Henry H. Rogers, William L. Bull, Hugh J. Grant, John A. Sullivan, H. V. Parsons and William Scallan. Rev. Father Lavelle was to celebrate the mass at St. Patrick's.

# CHINA CAN'T COMPLY.

## Cabinet Official's Opinion of Demand to Execute II.

### DR. MORRISON OF SAME OPINION.

Both Say That the Government, as Now Constituted, Is Unable to Fulfill This Demand—Some London Papers Criticize Our Attitude.

Washington, Nov. 14.—It was stated by one member of the cabinet, after the meeting, that there were no advisers in the hands of this government tending to confirm the story cabled by Dr. Morrison to the London Times to the effect that the ministers had formulated demands on the Chinese government, which included the execution of 11 high officials, the razing of the Taku forts and the prohibition of the future importation of war material into the empire. Another member, discussing this dispatch, said that previous advice to this government indicated that Dr. Morrison's dispatch was a very fair exposition of the demands that had been formulated by the ministers. He said, however, that there was considerable doubt as to the ability of the Chinese government as now constituted to enforce the execution of the 11 powerful officials indicated in the dispatch.

London, Nov. 14.—The London morning papers are again agitated concerning the stability of the concert of powers in China. The attitudes of Germany and the United States meet with the disapproval of some, the former because Count Von Waldersee has sent a column to destroy the Ning Tomb, an act which is regarded as needlessly vindictive and the latter because it threatens to break up the concert.

Dr. Morrison, wiring to the Times on Sunday, expresses the opinion that China will "readily accede to all the terms of the conjoint note, except the execution of the princes and officials, which it will be impossible to fulfill while the court is in the hands of these very officials."

"Considerable curiosity is felt at Tien Tsin," says the Shanghai correspondent of The Times, "as to the whereabouts of the Japanese forces, which, though not leaving the country, are disappearing from Peking and Tien Tsin, it is not known whither."

### 200 Chinese Killed.

London, Nov. 14.—A special dispatch from Tien Tsin, dated Nov. 10, says a force of Russians has captured the arsenal northeast of Yang Taun, with trifling loss, killing 200 Chinese and capturing a quantity of arms and treasure.

## COMPLIMENT TO CABINET.

President Asked Them to Remain in Office—All Responded Favorably. Root Not Present.

Washington, Nov. 14.—President McKinley announced clearly and forcefully to the members of his cabinet his desire that they should all remain with him during the four years of his coming administration. His wishes were made known in an extended speech at the cabinet meeting in the white house. Responses were made by all of the members present, and, while there were no definite pledges from any of them that they would accept the portfolios thus tendered afresh there was on the other hand no definite declination.

It is understood generally that there is but one doubtful factor in the homogeneity of the present cabinet. That factor is Attorney General Griggs, as he holds his present position at a great financial sacrifice. Still, Mr. Griggs replied in terms of warm appreciation to the complimentary remarks of the president, and voiced no intention of retiring from his present position.

Secretary Root was the only absent member from the meeting, having left for Cuba to look over railway affairs there and, at the same time, to try to recuperate from his long and serious illness. The list of responses, therefore, was all but complete. It is known that Secretary Root is in much the same position as Attorney General Griggs, holding his position at considerable sacrifice, but willing at the same time to sacrifice a good deal to comply with the expressed wish of the president.

In the course of his speech he said that if the result of the recent election was an endorsement of his administration, it was no less an endorsement of the men who had stood by him in the time of stress and neces-

# MRS. DAVIS ALARMED.

## The Senator Not Aware of His Condition.

### BRIGHT'S DISEASE IS CONFIRMED.

Dr. Murphy Agrees With the Diagnosis of the Other Physicians—A Strong Fight Will Be Made For the Sick Man's Recovery.

St. Paul, Minn., Nov. 14.—The grave complications disclosed by the bulletin issued by the physicians in attendance upon Senator C. K. Davis have greatly depressed his family and friends, who had hitherto been hopeful of a favorable outcome of the prolonged illness. His wife, his aged parents and two sisters, who are in constant attendance upon him, now fully realize the probability of a fatal result, and that at no distant time.

It is said that the senator himself is not cognizant of the extremely serious character of his illness, though he is, of course, aware that he is being treated for another and possibly more serious ailment than that with which he at first contended.

A statement was made by a close friend of the family, who said that Mrs. Stone and Lancaster Monday discovered evidences of Bright's disease. Up to that time no organic kidney trouble had been disclosed. Upon this discovery it was thought best to acquaint Dr. Murphy, of Chicago, of the changed conditions and to bring him here for another consultation. Dr. Murphy arrived Monday and corroborated the diagnosis of the local physicians. He regards the case now as grave, for kidney trouble at this stage is a serious symptom. When Dr. Murphy was last here he believed there was a fair chance for recovery. He is not so sanguine now. Everything that medical skill can do is being done for the distinguished statesman.

## WILL DEMAND GOV. TAYLOR.

Beckham to Apply to Durbin—Kentucky Election Returns to Be Canvassed Dec. 2—Both Sides Will Watch.

Frankfort, Ky., Nov. 14.—The state election board will meet December 3 to canvass the returns and officially declare the result of the election in this state. While the Republicans have formally conceded the election of Beckham as governor and announced that there would be no contest, both Republicans and Democrats will be represented by counsel at the canvass of the vote. Every phase of the election will be closely watched by both sides, as matters may arise which will have a bearing on the contests for congressmen in two districts—the Third and the Ninth.

Governor Beckham will be inaugurated December 11. It is said one of the first official papers Governor-elect Durbin, of Indiana, will have to consider when he takes office will be a requisition from Governor Beckham for the return of former Governor Taylor and ex-Secretary of State Finley to this state for trial. Leading Republicans claim to have assurances from Indiana Republican leaders that Mr. Durbin will follow the precedent set by Governor Mount in these cases and will refuse to honor the requisition.

## FOUGHT A BLOODY FIGHT.

Broad a Horrible Slight and Half Unconscious—Gave McGovern a Kiss Latter Given Decision.

Chicago, Nov. 14.—Kid Broad, of Cleveland, stayed six rounds with Terry McGovern at Tattersalls. McGovern had the fight well in hand. Broad fought a wonderful fight, mixing it freely with McGovern at all stages and scoring two clean knock downs. A third time he landed a left on McGovern, sending him nearly down. Broad kept his feet throughout the fight, except in the first round, when he was knocked down, and in the sixth, when he went down of his own accord to rest. He could not have fought another round, however, and was completely smothered by the storm of blows which the champion rained upon him.

The fight was made under articles calling for 126 pounds at 3 o'clock. McGovern's weight was announced as 122½ and Broad's as 125.

Broad was hardly able to see because of the blood that poured in his eyes, and found it hard to breathe because of the gore that filled his mouth and nose. He was one red smear from his forehead to his waist, and McGovern was little better, all the blood, however, coming from Broad. The bell rang at the end of the sixth round, with Broad hanging on for dear life and in a half-conscious condition. The men were in the center of the ring when the end came, and as McGovern turned to go to his corner Broad put both hands on his shoulders, and, placing his bloody face close to McGovern's, gave him a hearty kiss. Referee Siler awarded the decision to McGovern.

Broad a Horrible Slight and Half Unconscious—Gave McGovern a Kiss Latter Given Decision.

Chicago, Nov. 14.—Kid Broad, of Cleveland, stayed six rounds with Terry McGovern at Tattersalls. McGovern had the fight well in hand. Broad fought a wonderful fight, mixing it freely with McGovern at all stages and scoring two clean knock downs. A third time he landed a left on McGovern, sending him nearly down. Broad kept his feet throughout the fight, except in the first round, when he was knocked down, and in the sixth, when he went down of his own accord to rest. He could not have fought another round, however, and was completely smothered by the storm of blows which the champion rained upon him.

The fight was made under articles calling for 126 pounds at 3 o'clock. McGovern's weight was announced as 122½ and Broad's as 125.

Broad was hardly able to see because of the blood that poured in his eyes, and found it hard to breathe because of the gore that filled his mouth and nose. He was one red smear from his forehead to his waist, and McGovern was little better, all the blood, however, coming from Broad. The bell rang at the end of the sixth round, with Broad hanging on for dear life and in a half-conscious condition. The men were in the center of the ring when the end came, and as McGovern turned to go to his corner Broad put both hands on his shoulders, and, placing his bloody face close to McGovern's, gave him a hearty kiss. Referee Siler awarded the decision to McGovern.

# CHINA CAN'T COMPLY.

## Cabinet Official's Opinion of Demand to Execute 11.

### DR. MORRISON OF SAME OPINION.

Both Say That the Government, as Now Constituted, Is Unable to Fulfill This Demand—Some London Papers Criticize Our Attitude.

Washington, Nov. 14.—It was stated by one member of the cabinet, after the meeting, that there were no advances in the hands of this government tending to confirm the story cabled by Dr. Morrison to the London Times to the effect that the ministers had formulated demands on the Chinese government, which included the execution of 11 high officials, the raising of the Taku forts and the prohibition of the future importation of war material into the empire. Another member, discussing this dispatch, said that previous advances to this government indicated that Dr. Morrison's dispatch was a very fair exposition of the demands that had been formulated by the ministers. He said, however, that there was considerable doubt as to the ability of the Chinese government as now constituted to enforce the execution of the 11 powerful officials indicated in the dispatch.

London, Nov. 14.—The London morning papers are again agitated concerning the stability of the concert of powers in China. The attitudes of Germany and the United States meet with the disapproval of some, the former because Count Von Waldersee has sent a column to destroy the Ning Tomb, an act which is regarded as needlessly vindictive and the latter because it threatens to break up the concert.

Dr. Morrison, wiring to the Times on Sunday, expresses the opinion that China will "readily accede to all the terms of the conjoint note, except the execution of the princes and officials, which it will be impossible to fulfill while the court is in the hands of these very officials."

"Considerable curiosity is felt at Tien Tsin," says the Shanghai correspondent of The Times, "as to the whereabouts of the Japanese forces, which, though not leaving the country, are disappearing from Peking and Tien Tsin, it is not known whither."

### 200 Chinese Killed.

London, Nov. 14.—A special dispatch from Tien Tsin, dated Nov. 10, says a force of Russians has captured the arsenal northeast of Yang Tsun, with trifling loss, killing 200 Chinese and capturing a quantity of arms and treasure.

## COMPLIMENT TO CABINET.

President Asked Them to Remain in Office—All Responded Favorably. Root Not Present.

Washington, Nov. 14.—President McKinley announced clearly and forcefully to the members of his cabinet his desire that they should all remain with him during the four years of his coming administration. His wishes were made known in an extended speech at the cabinet meeting in the white house. Responses were made by all of the members present, and, while there were no definite pledges from any of them that they would accept the portfolios thus tendered afresh there was on the other hand no definite declination.

It is understood generally that there is but one doubtful factor in the homogeneity of the present cabinet. That factor is Attorney General Griggs, as he holds his present position at a great financial sacrifice. Still, Mr. Griggs replied in terms of warm appreciation to the complimentary remarks of the president, and voiced no intention of retiring from his present position.

Secretary Root was the only absent member from the meeting, having left for Cuba to look over railway affairs there and, at the same time, to try to recuperate from his long and serious illness. The list of responses, therefore, was all but complete. It is known that Secretary Root is in much the same position as Attorney General Griggs, holding his position at considerable sacrifice, but willing at the same time to sacrifice a good deal to comply with the expressed wish of the president.

In the course of his speech he said that if the result of the recent election was an endorsement of his administration, it was no less an endorsement of the men who had stood by him in the time of stress and neces-

### BRIGHT'S DISEASE IS CONFIRMED.

Dr. Murphy Agrees With the Diagnosis of the Other Physicians—A Strong Fight Will Be Made For the Sick Man's Recovery.

St. Paul, Minn., Nov. 14.—The grave complications disclosed by the bulletin issued by the physicians in attendance upon Senator C. K. Davis have greatly depressed his family and friends, who had hitherto been hopeful of a favorable outcome of the prolonged illness. His wife, his aged parents and two sisters, who are in constant attendance upon him, now fully realize the probability of a fatal result, and that at no distant time. It is said that the senator himself is not cognizant of the extremely serious character of his illness, though he is, of course, aware that he is being treated for another and possibly more serious ailment than that with which he is at first contended.

A statement was made by a close friend of the family, who said that Drs. Stone and Lancaster, Monday discovered evidences of Bright's disease. Up to that time no organic kidney trouble had been disclosed. Upon this discovery it was thought best to acquaint Dr. Murphy, of Chicago, of the changed conditions and to bring him here for another consultation. Dr. Murphy arrived Monday and corroborated the diagnosis of the local physicians. He regards the case now as grave, for kidney trouble at this stage is a serious symptom. When Dr. Murphy was last here he believed there was a fair chance for recovery. He is not so sanguine now. Everything that medical skill can do is being done for the distinguished statesman.

## WILL DEMAND GOV. TAYLOR

Beckham to Apply to Durbin—Kentucky Election Returns to Be Canvassed Dec. 8—Both Sides Will Watch.

Frankfort, Ky., Nov. 14.—The state election board will meet December 8 to canvass the returns and officially declare the result of the election in this state. While the Republicans have formally conceded the election of Beckham as governor and announced that there would be no contest, both Republicans and Democrats will be represented by counsel at the canvass of the vote. Every phase of the election will be closely watched by both sides, as matters may arise which will have a bearing on the contests for congressmen in two districts—the Third and the Ninth.

Governor Beckham will be inaugurated December 11. It is said one of the first official papers Governor-elect Durbin, of Indiana, will have to consider when he takes office will be a requisition from Governor Beckham for the return of former Governor Taylor and ex-Secretary of State Finley to this state for trial. Leading Republicans claim to have assurances from Indiana Republican leaders that Mr. Durbin will follow the precedent set by Governor Mount in these cases and will refuse to honor the requisition.

## FOUGHT A BLOODY FIGHT.

Broad a Horrible Slight and Half Unconscious—Gave McGovern a Kiss Latter Given Decision.

Chicago, Nov. 14.—Kid Broad, of Cleveland, stayed six rounds with Terry McGovern at Tattersalls. McGovern had the fight well in hand. Broad fought a wonderful fight, mixing it freely with McGovern at all stages and scoring two clean knock downs. A third time he landed a left on McGovern, sending him nearly down. He could not have fought another round, however, and was completely smothered by the storm of blows which the champion rained upon him.

The fight was made under articles calling for 126 pounds at 3 o'clock. McGovern's weight was announced as 122½ and Broad's as 125.

Broad was hardly able to see because of the blood that poured in his eyes, and found it hard to breathe because of the gore that filled his mouth and nose. He was one red smear from his forehead to his waist, and McGovern was little better, all the blood, however, coming from Broad. The bell rang at the end of the sixth round, with Broad hanging on for dear life and in a half-conscious condition. The men were in the center of the ring when the end came, and as McGovern turned to go to his corner Broad put both hands on his shoulders, and, placing his bloody face close to McGovern's, gave him a hearty kiss. Referee Silber awarded the decision to McGovern.

## MAGNIFY GOD'S GREATNESS.

W. C. T. U. Convention Call Says Members Overcome Obstacles—Day of Prayer Nov. 30.

Chicago, Nov. 14.—Mrs. L. N. Stevens, president, and Mrs. S. M. D. Fry, corresponding secretary, have issued a call for the twenty-seventh national convention of the Women's Christian Temperance union, to meet Nov. 30 to Dec. 7, in Washington, D. C. The call says in part:

The time as well as the place of our meeting is significant. It is the month of the opening of the United States congress, in both of which we have intense interest, but in the words of Miss Willard's convention call for 1896 "we shall meet not as a political party; not as financiers, and yet as those profoundly interested in finance; not as statesmen, but we trust as stateswomen—the women of a great nation, baptized with a mighty earnestness, endowed with a clear vision that enables us to see that whatever else the nation and individuals constituting that nation may need, the primal note is applied righteousness."

Already it is known that a large number of states have made a net gain of 500 or more members during the last year. The activity of state officials, organizers and other workers has never been surpassed, and never have the hearts of the white ribbon women been more closely knit together nor more fully set to do good. They have learned to magnify not the size of the giants or the lions by the way, but the greatness and the goodness of the Father of us all.

We speak universal observance of the day of prayer, Friday, Nov. 30, to the end that we may have a pillar of cloud by day and a pillar of fire by night, not only at the convention, but during the entire year.

## FOR SOUTHERN EDUCATION.

Money Voted to Black and White Schools by M. E. Freedmen's Aid Society.

New York, Nov. 14.—The Freedmen's Aid and Southern Educational society met at Newark, N. J., with Bishop Edward G. Andrews presiding. The following appropriations for academies for colored people were made:

# OHIO IN CONGRESS

## FROM 1803 TO 1901.

### ARCHIBALD LYBRAND.

Archibald Lybrand of Delaware, Ohio, was born in Tarlton, Pickaway county, Ohio, May 23, 1840; removed to Delaware in 1857; was educated at the Ohio Wesleyan university, Delaware, Ohio; at the breaking out of the Civil War he enlisted April 26, 1861, as a private soldier in company I, Fourth Ohio volunteer infantry; from this regiment he was transferred to company E, Seventy-third Ohio volunteer infantry, and promoted to first lieutenant; remained in service with the Seventy-third Ohio volunteer infantry for three years; the last two years was captain of his company, and participated in the battles of Rich Mountain, Cross Keys, Second Bull Run, Cedar Mountain, Fredericksburg, Chancellorsville and Gettysburg, and served a portion of his time as aide-de-camp on the staffs of Generals Steinwehr and Sigel; went west with General Joseph Hooker, and took part in the battle of Lookout Mountain, known as Hooker's fight above the clouds; also participated in the battles of Chattanooga and the battles of the Atlanta campaign, receiving two slight wounds, one at the battle of Peach Tree Creek and the other at Dallas, Ga.; at the close of the war returned to Delaware; in 1869 was elected mayor; studied law and was admitted to the bar in 1871; in 1873 became an active partner in the Delaware Chair company, and from that time until the present has been engaged in the affairs of the company; is also a land owner, and interested in farming; was appointed postmaster at Delaware Dec. 29, 1881, by President Chester A. Arthur, and served one term of four years. He was elected to the Fifty-fifth congress, as a Republican, in 1896, from the Eighth district, composed of the counties of Delaware, Champaign, Hancock, Hardin, Lorain and Union counties. He was elected to the Fifty-sixth congress in 1898 from the same district.

### JOHN J. LENTZ.

John Jacob Lentz of Columbus was born near St. Clairsville, Belmont county, Ohio, Jan. 27, 1856; attended district school and the St. Clairsville High school; taught school four years, and graduated from the National Normal university, Lebanon Ohio, in 1877; attended University of Wooster one year, and graduated from University of Michigan with degree of A. B. in 1882; took both law courses at Columbia college, New York city, receiving the degree of LL. B. in 1883; admitted to the bar at Columbus in October, 1883, and since 1887 has been a member of the law firm of Nash & Lentz; for five years was one of the examiners of the city teachers, and was appointed a trustee of Ohio university by Governor McKinley; in the Democratic state convention, at Cincinnati, in 1893, although refusing to permit his name to be presented to the convention, he was voted for as a candidate for governor. He was elected national president of the American

Insurance Union in September, 1896, and re-elected in 1897, 1898 and 1899. He was voted for as a candidate for the gubernatorial nomination in 1897, and again in 1899, although again refusing to permit his name to be presented to the convention. In 1896 he was elected to the Fifty-fifth congress, as a Democrat, from the Twelfth district, composed of Franklin and Fairfield counties, and was re-elected from the same district in 1898 to the Fifty-sixth. In the famous contest which resulted in the election of Marcus A. Hanna by the Ohio legislature, in January, 1898, Mr. Lentz was the only Democrat who received a vote for United States senator. He was permanent chairman of the Democratic state convention held at Dayton, Aug. 23 and 24.

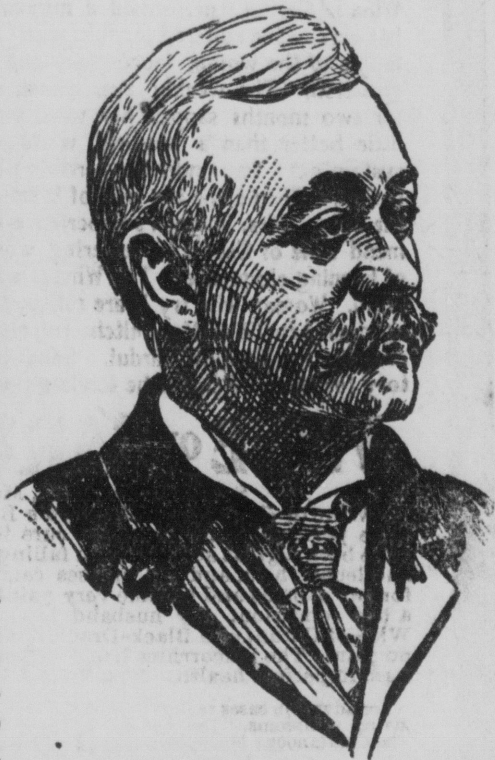

In the first session of the Fifty-sixth congress, no resolution attracted wider attention than that introduced by Mr. Lentz to investigate the use of the United States army in Idaho in connection with the labor troubles in the Coeur d'Alene mining district. This investigation was vigorously prosecuted by Mr. Lentz, and closely followed by organized labor throughout the country, and attracted universal attention among all who watch the use of the military arm of the government.

Mr. Lentz, although he has been in public life but a short time, has attained that eminence as an orator that he has been called upon to speak in almost all the principal cities from Milwaukee to New Orleans, and from Portland, Me., to Portland, Or.

## 50 Bodies Taken From Hong-kong Harbor.

### MANY VICTIMS OF THE STORM.

Remains of a Number of Them Not Yet Recovered—Twenty-Two Bodies Taken From Houses That Collapsed Along the Shore.

Hong Kong, Nov. 14.—The bodies of 22 persons who were killed by the collapse of houses on the shore in the typhoon which struck Hong Kong have been recovered. More than 50 bodies have been taken from the harbor and the remains of many victims are still to be found.

The damage to property and crops is great.

### K. OF L. FACTIONS.

Two Conventions Organized by the Quarring Labor Feudists at Birmingham, Ala.

Birmingham, Ala., Nov. 14.—Two conventions, both claiming to be the general assembly of the Knights of Labor of the United States and Canada, are in session in this city as the outcome of a split which has occurred in the ranks of the order.

The Parsons wing of the order, headed by John M. Parsons, of New York, as grand master workman, arrived here at noon. The faction headed by John W. Hayes arrived Monday and the convention composed of delegates of this faction was called to order by Grand Master Workman L. D. Chamberlain, of Colorado, who delivered his annual address. Preliminary organization was effected, after which the convention settled down to work.

The Parsons faction met and was called to order by Grand Master Workman Parsons, who also delivered his annual address. Committees were appointed and an adjournment taken until this morning.

There is much bitterness between the two factions and the convention may be prolonged.

### NAVAL OFFICERS WERE CENSURED.

Commanders of Both Torpedo Boats Blamed For Collision.

Washington, Nov. 14.—The naval court of inquiry which investigated the collision on Oct. 16, near Newport, of the torpedo boats Dahlgren and T. A. M. Craven, has made its report, recommending that Lieutenant Ford H. Brown, of the Craven, be tried by court martial and that Lieutenant William G. Miller, of the Dahlgren, be censured.

On the recommendation of the judge advocate general, Secretary Long dispensed with the court martial and administered censure in both cases. The board found that the Craven had not maintained perfect lookouts and that Lieutenant Brown was mainly responsible for the collision.

### BALTIMORE TO BE IN CIRCUIT.

McGraw and Robinson, of Last Season's St. Louis Team, Own the Franchise.

Baltimore, Nov. 14.—After a series of conferences among the promoters of the American baseball league and a number of local capitalists and sports it was decided that Baltimore will be included in the eight-club circuit of the new association. McGraw and Robinson, of last season's St. Louis team, it is announced, own the Baltimore franchise, and say they will go ahead at once to secure grounds and players for the coming season.

The circuit as planned at present is as follows: Philadelphia, Baltimore, Washington and Buffalo in the east, and Cleveland, Detroit, Chicago and Milwaukee in the west.

### Russell Harrison Honorably Discharged.

Washington, Nov. 14.—Lieutenant Colonel Russell B. Harrison, inspector general United States volunteers, has been honorably discharged, his services being no longer required.

### 13 Killed and 19 Injured.

Berlin, Nov. 14.—Thirteen persons were killed and nineteen others injured seriously in a fire damp explosion in the Pluto coal mine at Wlosa, near Brux.

### Tax Raised on Whisky in Kentucky.

Frankfort, Ky., Nov. 14.—The state board of assessment and valuation fixed the tax valuation at \$10 a barrel, instead of \$7, which has been the assessment for several years.

### Yellow Fever Expert Coming.

Mexico City, Nov. 14.—Dr. Bellirzaghi, the Brazilian yellow fever expert, left for Washington.

### BARONESS SLOWLY RECOVERING.

Ketteler's Widow Invited to Germany. To Be Honored by the Emperor.

Detroit, Nov. 14.—The Baroness Von Ketteler is slowly improving at the home of her father in this city. When she arrived about five weeks ago her relatives were greatly alarmed at her condition. Friends of the family say that as soon as she recovers she will go to the home of the late baron, in Germany, and will be received by Emperor William, who has asked her to come.

New York, Nov. 14.—According to a Berlin dispatch to a New York paper the emperor will offer Baroness Von Ketteler a pension, and create her a countess in her own name. It is probable that the baroness will also be offered the title of lady in waiting to the empress.

She is certain to be welcomed by court, government, society and the people in general with tokens of kind sympathy and regard.

### SOUTHERN COMPLIMENT TO BRYAN.

Georgia Legislature Had Elected Him National President—Sent Thanks.

Atlanta, Ga., Nov. 14.—The Georgia legislature, being unable to adjourn Nov. 6, unanimously elected Hon. W. J. Bryan "president of the United States." Mr. Bryan has acknowledged the compliment, and a letter from him was read in the senate, by order of President Clark Howell. Mr. Bryan says:

"While the returns show that the decision rendered in my favor in Georgia has been overruled by the higher court, which includes the entire nation, yet I beg to express my appreciation of the confidence and good will expressed by the members of the Georgia legislature.

"Yours truly,  
"W. J. Bryan."

### SICK MAN'S ELECTION CONFIRMED.

Legislature of Alabama Confirmed Victory of Samford, as Governor.

Montgomery, Ala., Nov. 14.—The legislature of Alabama met in biennial session. Owing to the critical condition of Governor-elect Samford, organization was perfected, presiding officers were elected and the vote cast at the last state election was counted and the result announced.

A joint session of the two houses was then held and after the election returns had been verified Hon. W. J. Samford was declared the governor-elect.

### TERRIBLY TORTURED BY ROBBERS.

Aged Man Held Over Red Hot Stove. In Critical Condition.

Wilkesbarre, Pa., Nov. 14.—Three masked men broke into the home of aged Joseph Kane, in the village of Sugar Notch, and held him over a red-hot stove until he was terribly burned.

While he was being tortured Kane insisted he had no money. His tormentors then placed him on the floor, where he was found later by a neighbor. He was brought to a hospital in this city, where he lies in a critical condition.

### Some Operators Signed Scale.

Terre Haute, Ind., Nov. 14.—The strike of the hoisting engineers in the Indiana coal fields, which was declared Monday, may be settled by the end of the week. Ten of the Indiana operators signed the Illinois scale and will pay the wages demanded by the engineers for one year.

### Big Judgment For Maryland.

Cumberland, Md., Nov. 14.—Judges Boyd and Sloan have given a judgment for the state for \$76,699 in the suit of the state of Maryland against the Cumberland and Pennsylvania railroad to recover gross receipt railway taxes for the years 1891 to 1893.

### EVENTS IN BRIEF.

Judicial separation between Prince and dPrincess Aribert of Anhalt.

Number of wrecks caused by gale in English channel. All on board drowned by wreck of the Ketch Georgina.

Caesar Della Croce, who was naturalized in New York in 1893, was ordered to leave France within 24 hours or be imprisoned.

Three masked robbers killed Mrs. Mina Hall, near Sergeant, Ky., when she refused them money, and fatally wounded her son.

Six, men, two women and 17 children, sent by Dowle from England, who intended to start a lacemaking establishment at Zion, Ill., were refused admission at Philadelphia.

Recorder's office granted motion of Deputy State Attorney General Hodges to dismiss the indictment against Chief of Police William S. Devery, charging him with a violation of the election law in New York.

Arthur, and served one term of four years. He was elected to the Fifty-fifth congress, as a Republican, in 1896, from the Eighth district, composed of the counties of Delaware, Champaign, Hancock, Hardin, Lorain and Union counties. He was elected to the Fifty-sixth congress in 1898 from the same district.

## JOHN J. LENTZ.

John Jacob Lentz of Columbus was born near St. Clairsville, Belmont county, Ohio, Jan. 27, 1856; attended district school and the St. Clairsville High school; taught school four years, and graduated from the National Normal university, Lebanon Ohio, in 1877; attended University of Wooster one year, and graduated from University of Michigan with degree of A. B. in 1882; took both law courses at Columbia college, New York city, receiving the degree of LL. B. in 1883; admitted to the bar at Columbus in October, 1883, and since 1887 has been a member of the law firm of Nash & Lentz; for five years was one of the examiners of the city teachers, and was appointed a trustee of Ohio university by Governor McKinley; in the Democratic state convention, at Cincinnati, in 1893, although refusing to permit his name to be presented to the convention, he was voted for as a candidate for governor. He was elected national president of the American Insurance Union in September, 1896, and re-elected in 1897, 1898 and 1899. He was voted for as a candidate for the gubernatorial nomination in 1897, and again in 1899, although again refusing to permit his name to be presented to the convention. In 1896 he was elected to the Fifty-fifth congress, as a Democrat, from the Twelfth district, composed of Franklin and Fairfield counties, and was re-elected from the same district in 1898 to the Fifty-sixth. In the famous contest which resulted in the election of Marcus A. Hanna by the Ohio legislature, in January, 1898, Mr. Lentz was the only Democrat who received a vote for United States senator. He was permanent chairman of the Democratic state convention held at Dayton, Aug. 23 and 24. In the first session of the Fifty-sixth congress, no resolution attracted wider attention than that introduced by Mr. Lentz to investigate the use of the United States army in Idaho in connection with the labor troubles in the Coeur d'Alene mining district. This investigation was vigorously prosecuted by Mr. Lentz, and closely followed by organized labor throughout the country, and attracted universal attention among all who watch the use of the military arm of the government. Mr. Lentz, although he has been in public life but a short time, has attained that eminence as an orator that he has been called upon to speak in almost all the principal cities from Milwaukee to New Orleans, and from Portland, Me., to Portland, Or.

### MANY VICTIMS OF THE STORM.

Remains of a Number of Them Not Yet Recovered—Twenty-Two Bodies Taken From Houses That Collapsed Along the Shore.

Hong Kong, Nov. 14.—The bodies of 22 persons who were killed by the collapse of houses on the shore in the typhoon which struck Hong Kong have been recovered. More than 50 bodies have been taken from the harbor and the remains of many victims are still to be found. The damage to property and crops is great.

### K. OF L. FACTIONS.

Two Conventions Organized by the Quarrelling Labor Feudists at Birmingham, Ala.

Birmingham, Ala., Nov. 14.—Two conventions, both claiming to be the general assembly of the Knights of Labor of the United States and Canada, are in session in this city as the outcome of a split which has occurred in the ranks of the order.

The Parsons wing of the order, headed by John M. Parsons, of New York, as grand master workman, arrived here at noon. The faction headed by John W. Hayes arrived Monday and the convention composed of delegates of this faction was called to order by Grand Master Workman L. D. Chamberlain, of Colorado, who delivered his annual address. Preliminary organization was effected, after which the convention settled down to work. The Parsons faction met and was called to order by Grand Master Workman Parsons, who also delivered his annual address. Committees were appointed and an adjournment taken until this morning.

There is much bitterness between the two factions and the convention may be prolonged.

### NAVAL OFFICERS WERE CENSURED.

Commanders of Both Torpedo Boats Blamed For Collision.

Washington, Nov. 14.—The naval court of inquiry which investigated the collision on Oct. 16, near Newport, of the torpedo boats Dahlgren and T. A. M. Craven, has made its report, recommending that Lieutenant Ford H. Brown, of the Craven, be tried by court martial and that Lieutenant William G. Miller, of the Dahlgren, be censured.

On the recommendation of the judge advocate general, Secretary Long dispensed with the court martial and administered censure in both cases. The board found that the Craven had not maintained perfect lookouts and that Lieutenant Brown was mainly responsible for the collision.

### BALTIMORE TO BE IN CIRCUIT.

McGraw and Robinson, of Last Season's St. Louis Team, Own the Franchise.

Baltimore, Nov. 14.—After a series of conferences among the promoters of the American baseball league and a number of local capitalists and sports it was decided that Baltimore will be included in the eight-club circuit of the new association. McGraw and Robinson, of last season's St. Louis team, it is announced, own the Baltimore franchise, and say they will go ahead at once to secure grounds and players for the coming season.

The circuit as planned at present is as follows: Philadelphia, Baltimore, Washington and Buffalo in the east, and Cleveland, Detroit, Chicago and Milwaukee in the west.

### Russell Harrison Honorably Discharged.

Washington, Nov. 14.—Lieutenant Colonel Russell B. Harrison, inspector general United States volunteers, has been honorably discharged, his services being no longer required.

Mexico City, Nov. 14.—Dr. Bellirzagli, the Brazilian yellow fever expert, left for Washington.

### BARONESS SLOWLY RECOVERING.

Ketteler's Widow Invited to Germany. To Be Honored by the Emperor.

Detroit, Nov. 14.—The Baroness Von Ketteler is slowly improving at the home of her father in this city. When she arrived about five weeks ago her relatives were greatly alarmed at her condition. Friends of the family say that as soon as she recovers she will go to the home of the late baron, in Germany, and will be received by Emperor William, who has asked her to come.

New York, Nov. 14.—According to a Berlin dispatch to a New York paper the emperor will offer Baroness Von Ketteler a pension, and create her a countess in her own name. It is probable that the baroness will also be offered the title of lady in waiting to the empress.

She is certain to be welcomed by court, government, society and the people in general with tokens of kind sympathy and regard.

### SOUTHERN COMPLIMENT TO BRYAN.

Georgia Legislature Had Elected Him National President—Sent Thanks.

Atlanta, Ga., Nov. 14.—The Georgia legislature, being unable to adjourn Nov. 6, unanimously elected Hon. W. J. Bryan "president of the United States." Mr. Bryan has acknowledged the compliment, and a letter from him was read in the senate, by order of President Clark Howell. Mr. Bryan says:

"While the returns show that the decision rendered in my favor in Georgia has been overruled by the higher court, which includes the entire nation, yet I beg to express my appreciation of the confidence and good will expressed by the members of the Georgia legislature.

"Yours truly,

"W. J. Bryan."

### SICK MAN'S ELECTION CONFIRMED.

Legislature of Alabama Confirmed Victory of Samford, as Governor.

Montgomery, Ala., Nov. 14.—The legislature of Alabama met in biennial session. Owing to the critical condition of Governor-elect Samford, organization was perfected, presiding officers were elected and the vote cast at the last state election was counted and the result announced.

A joint session of the two houses was then held and after the election returns had been verified Hon. W. J. Samford was declared the governor-elect.

### TERRIBLY TORTURED BY ROBBERS.

Aged Man Held Over Red Hot Stove, in Critical Condition.

Wilkesbarre, Pa., Nov. 14.—Three masked men broke into the home of aged Joseph Kane, in the village of Sugar Notch, and held him over a red-hot stove until he was terribly burned.

While he was being tortured Kane insisted he had no money. His tormentors then placed him on the floor, where he was found later by a neighbor. He was brought to a hospital in this city, where he lies in a critical condition.

### Some Operators Signed Scale.

Terre Haute, Ind., Nov. 14.—The strike of the hoisting engineers in the Indiana coal fields, which was declared Monday, may be settled by the end of the week. Ten of the Indiana operators signed the Illinois scale and will pay the wages demanded by the engineers for one year.

### Big Judgment For Maryland.

Cumberland, Md., Nov. 14.—Judges Boyd and Sloan have given a judgment for the state for \$76,699 in the suit of the state of Maryland against the Cumberland and Pennsylvania railroad to recover gross receipt railway taxes for the years 1891 to 1893.

### EVENTS IN BRIEF.

## THE PAN-AMERICAN.

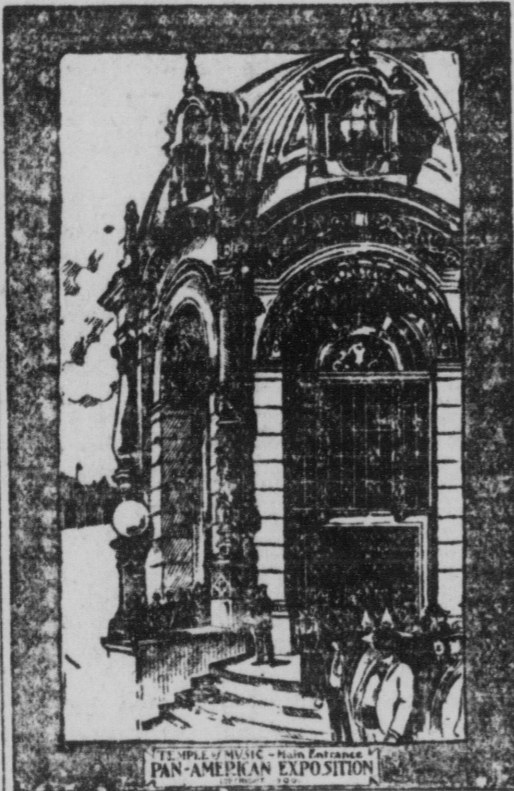

A GLANCE AT THE GREAT ENTERPRISE AND ITS PURPOSES.

True Picture of Nineteenth Century Development Arranged in a Setting of Unsurpassed Beauty and Splendor at Pan-American Exposition.

If one may judge by the presence of thousands of workmen at the grounds of the Pan-American Exposition and the wonderful progress they have made during the last few months, the Exposition will be opened in a condition of completeness upon the 1st of May next.

For the benefit of those who, for any reason, have not been informed concerning the plans and purposes of this vast enterprise I will state that the Exposition grounds are in the northern part of the city of Buffalo and have an area of 350 acres. Buffalo, with its 400,000 population, is preparing the most artistic creation ever produced for the purposes of an exposition. The completed work will cost probably \$10,000,000, exclusive of exhibits.

The landscape upon which the buildings stand includes a part of one of the most beautiful parks in Buffalo or, in

HALL OF MUSIC.

fact, in the world. The Exposition will thus have the setting of trees, lawns and water features, which have cost the city of Buffalo millions of dollars. The main Exposition buildings are some 20 or more in number and are arranged about a system of beautiful courts some 33 acres in extent. The arrangement is such as to permit the most exquisite decorative effects that the best trained artists of the world may be able to produce.

Space will permit only an enumeration of the principal buildings. These are: The Electric Tower, 375 feet high, which is to be the centerpiece of the most brilliant and novel electric illumination ever conceived; the Propylae, or architectural screen, at the northern end of the grounds; the Stadium, for sporting and athletic events; the Agriculture building, Manufactures and Liberal Arts building, Ethnology building, the Government group of three great buildings, the Midway restaurant building, Electricity building, the Machinery and Transportation buildings and Railroad Station, the Temple of Music, Graphic Arts, Horticulture, Mines, Forestry, Dairy, Ordnance, Service and other buildings, the Albright Gallery of Art, costing \$400,000; the New York State building, costing \$175,000, besides the state and foreign buildings and numerous other structures of beautiful and interesting design for a variety of purposes.

The Midway at the Pan-American Exposition alone will cost more than some large expositions. It is estimated the cost of the Midway will be about \$3,000,000, as it will have more than a mile of frontage closely built with the most picturesque structures conceivable and will contain between 30 and 40 entertainment features of most novel and interesting character.

The purposes of the Exposition are not merely to give the people a most magnificent and attractive entertainment, but it will furnish the opportunity for every one to inform himself upon the progress of the nineteenth century. The Exposition is held for the purpose of celebrating the achievements of the western world during a century of unparalleled progress. It is distinctly a western world affair. All the governments of the western hemisphere having been invited to partici-

pate in all departments. Official responses have been made by every important government, state and dependency of the western world, and they are preparing to be represented by most creditable exhibits.

The exhibits are classified in the following divisions: Electricity and electrical appliances; fine arts, painting, sculpture and decoration; graphic arts, typography, lithography, steel and copper plate printing, photo mechanical processes, drawing, engraving and bookbinding; liberal arts, education, engineering, public works, constructive architecture, music and drama, sanitation and hygiene; ethnology, archaeology, progress of labor and invention, isolated and collective exhibits; agriculture, agricultural implements; machinery and appliances, foods and their accessories, horticulture, viticulture, agriculture, forestry and forest products, fish, fisheries, fish products and apparatus for fishing; mines and metallurgy, machinery, manufactures, transportation, railways, vessels, vehicles, ordnance, exhibits from the Hawaiian Islands, Porto Rico, Guam, Tutuila and the Philippine Islands.

The Exposition has the indorsement not only of the state of New York, which appropriated \$300,000, but of the national government, which appropriated \$500,000 for the purpose of being suitably represented upon this great occasion. The Exposition will continue six months and will furnish an opportunity such as rarely comes for the public to take note, at a glance, of the wonderful progress of the western world. It will be like a great university, at which the young and old will become for the time being students of western civilization.

About 12,000 people have subscribed to the stock of the Exposition, and it is a public enterprise in the broadest sense of the term, the aim being to produce a magnificent spectacle to delight the artistic sense of all who attend and to present through the medium of an army of enterprising exhibitors a true picture of nineteenth century development. John G. Milburn, an eminent lawyer of Buffalo, is president, and the director general is William I. Buchanan, who was director of the departments of agriculture, live stock and forestry at the World's Columbian Exposition at Chicago and afterward for six years United States minister to the Argentine Republic.

### "PAN-AM." RESTAURANTS.

The Best of Service Will Be Provided.

The needs of the inner man will be well attended to at the Pan-American Exposition to be held at Buffalo from May 1 to Nov. 1, 1901. At some expositions a great mistake has been made by not providing for good restaurants, where satisfactory meals could be obtained at reasonable prices. Either the food obtained has not been of good quality or prices charged have been exorbitant or the facilities in some particulars have been inadequate to the occasion.

There will be good restaurants in different parts of the grounds of the Pan-American Exposition, so that it will not be necessary for visitors to go outside of the grounds to secure a good meal, well served, at a moderate price. All tastes will be suited in the services rendered, for there will be places where meals will be served on an elaborate plan to suit the most fastidious taste and where prices will be in proportion to those charged at high class restaurants in large cities. There will be other places where the meals will be cheap, but the food appetizing and healthful and the surroundings clean. There will be restaurants in the beautiful building at the entrance to the Midway, another in a similar building at the entrance to the Stadium, another in the Electric Tower, which will be one of the great centers of interest on the Exposition grounds, and another on the Midway. Refreshments will also be served in the Temple of Music, which may be enjoyed by visitors at the same time that they are listening to the concerts in progress in the auditorium. There will also be a New England kitchen, a German restaurant, a Mexican restaurant, an Italian restaurant and other places where various kinds of refreshments will be served.

When a man approaches you and begins telling how honest he is, hold your hands on your pocketbook.—*Atlantic Globe.*

## 1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Women who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

### WINE OF CARDUI

South Gaston, N. C., May 29, 1899.  
Wine of Cardui and Theodor's Black-Dragee have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Dragee, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.

### EAGLES AT THE EXPOSITION.

Remarkable Decoration For Ethnology Building at Buffalo.

The building devoted to the Departments of Ethnology and Archaeology at the Pan-American Exposition, which is now approaching completion, will have some remarkable sculptural decorations. Among them will be gigantic figures of eagles and lions, which will be placed upon eight of the 16 panels

of the domes. These sculptures in staff will be conspicuous features of the architecture of this beautiful building. Models in clay are first made of the figures, and from them reproductions in staff are cast.

The model of the eagle has just been completed. It is of colossal size. In the model nearly 10,000 pounds of clay have been used, and each bird, when cast in staff, will weigh fully two tons. The sculptured eagle will measure nearly 16 feet in height.

### Essays on Pan-American.

A movement to interest the public school teachers and public school pupils in the Pan-American Exposition to be held at Buffalo next summer has been started. It originated in some of the public schools of Pennsylvania and is being taken up elsewhere as the wisdom of the plan becomes apparent. The idea is to have the teachers in the public schools write essays for various occasions of an educational character on the objects and aims of the Exposition and the bearing that such a display will have on the commerce of the world. A similar plan regarding the Paris Exposition was found quite successful and resulted in the attendance of a large corps of teachers at that fair. The plan contemplates also essays by pupils. It is believed that in this way much information can be spread regarding the benefits to be derived from cultivating closer relations with the different countries of this hemisphere and that it would result in greater intelligence among the public school

teachers and pupils on this subject, as well as a larger attendance among this class of the population at the Exposition.

### Cracks in the range.

Filling for cracks in a range is made by taking common wood ashes, adding an eighth or more the quantity of salt, mixing the whole to a thick paste with cold water. Fill the crack and usually the filling will remain until the stove is useless. Should it crumble out, "try, try again." Blacking can be applied to it as well as to the stove.—*Good House-keeping.*

It is distinctly a western world affair, all the governments of the western hemisphere having been invited to partic-

ipate in all departments. Official responses have been made by every important government, state and dependency of the western world, and they are preparing to be represented by most creditable exhibits.

The exhibits are classified in the following divisions: Electricity and electrical appliances; fine arts, painting, sculpture and decoration; graphic arts, typography, lithography, steel and copper plate printing, photo mechanical processes, drawing, engraving and bookbinding; liberal arts, education, engineering, public works, constructive architecture, music and drama, sanitation and hygiene; ethnology, archaeology, progress of labor and invention, isolated and collective exhibits; agriculture, agricultural implements; machinery and appliances, foods and their accessories, horticulture, viticulture, agriculture, forestry and forest products, fish, fisheries, fish products and apparatus for fishing; mines and metallurgy, machinery, manufactures, transportation, railways, vessels, vehicles, ordnance, exhibits from the Hawaiian Islands, Porto Rico, Guam, Tutula and the Philippine Islands.

The Exposition has the indorsement not only of the state of New York, which appropriated \$300,000, but of the national government, which appropriated \$500,000 for the purpose of being suitably represented upon this great occasion. The Exposition will continue six months and will furnish an opportunity such as rarely comes for the public to take note, at a glance, of the wonderful progress of the western world. It will be like a great university, at which the young and old will become for the time being students of western civilization.

About 12,000 people have subscribed to the stock of the Exposition, and it is a public enterprise in the broadest sense of the term, the aim being to produce a magnificent spectacle to delight the artistic sense of all who attend and to present through the medium of an army of enterprising exhibitors a true picture of nineteenth century development. John G. Milburn, an eminent lawyer of Buffalo, is president, and the director general is William I. Buchanan, who was director of the departments of agriculture, live stock and forestry at the World's Columbian Exposition at Chicago and afterward for six years United States minister to the Argentine Republic.

### "PAN-AM." RESTAURANTS.

The Best of Service Will Be Provided.

The needs of the inner man will be well attended to at the Pan-American Exposition to be held at Buffalo from May 1 to Nov. 1, 1901. At some expositions a great mistake has been made by not providing for good restaurants, where satisfactory meals could be obtained at reasonable prices. Either the food obtained has not been of good quality or prices charged have been exorbitant or the facilities in some particulars have been inadequate to the occasion.

There will be good restaurants in different parts of the grounds of the Pan-American Exposition, so that it will not be necessary for visitors to go outside of the grounds to secure a good meal, well served, at a moderate price. All tastes will be suited in the services rendered, for there will be places where meals will be served on an elaborate plan to suit the most fastidious taste and where prices will be in proportion to those charged at high class restaurants in large cities. There will be other places where the meals will be cheap, but the food appetizing and healthful and the surroundings clean. There will be restaurants in the beautiful building at the entrance to the Midway, another in a similar building at the entrance to the Stadium, another in the Electric Tower, which will be one of the great centers of interest on the Exposition grounds, and another on the Midway. Refreshments will also be served in the Temple of Music, which may be enjoyed by visitors at the same time that they are listening to the concerts in progress in the auditorium. There will also be a New England kitchen, a German restaurant, a Mexican restaurant, an Italian restaurant and other places where various kinds of refreshments will be served.

When a man approaches you and begins telling how honest he is, hold your hands on your pocketbook.—*Atlantic Globe.*

## 1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhœa and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Women who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

### WINE of CARDUI

South Gaston, N. C., May 20, 1898.  
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhœa, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhœa has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.

of the domes. These sculptures in staff will be conspicuous features of the architecture of this beautiful building. Models in clay are first made of the figures, and from them reproductions in staff are cast.

The model of the eagle has just been completed. It is of colossal size. In the model nearly 10,000 pounds of clay have been used, and each bird, when cast in staff, will weigh fully two tons. The sculptured eagle will measure nearly 16 feet in height.

### Essays on Pan-American.

A movement to interest the public school teachers and public school pupils in the Pan-American Exposition to be held at Buffalo next summer has been started. It originated in some of the public schools of Pennsylvania and is being taken up elsewhere as the wisdom of the plan becomes apparent. The idea is to have the teachers in the public schools write essays for various occasions of an educational character on the objects and aims of the Exposition and the bearing that such a display will have on the commerce of the world. A similar plan regarding the Paris Exposition was found quite successful and resulted in the attendance of a large corps of teachers at that fair. The plan contemplates also essays by pupils. It is believed that in this way much information can be spread regarding the benefits to be derived from cultivating closer relations with the different countries of this hemisphere and that it would result in greater intelligence among the public school

teachers and pupils on this subject, as well as a larger attendance among this class of the population at the Exposition.

## THE PAN-AMERICAN.

A GLANCE AT THE GREAT ENTERPRISE AND ITS PURPOSES.

True Picture of Nineteenth Century Development Arranged in a Setting of Unsurpassed Beauty and Splendor at Pan-American Exposition.

If one may judge by the presence of thousands of workmen at the grounds of the Pan-American Exposition and the wonderful progress they have made during the last few months, the Exposition will be opened in a condition of completeness upon the 1st of May next.

For the benefit of those who, for any reason, have not been informed concerning the plans and purposes of this vast enterprise I will state that the Exposition grounds are in the northern part of the city of Buffalo and have an area of 350 acres. Buffalo, with its 400,000 population, is preparing the most artistic creation ever produced for the purposes of an exposition. The completed work will cost probably \$10,000,000, exclusive of exhibits.

The landscape upon which the buildings stand includes a part of one of the most beautiful parks in Buffalo or, in

HALL OF MUSIC.

fact, in the world. The Exposition will thus have the setting of trees, lawns and water features, which have cost the city of Buffalo millions of dollars. The main Exposition buildings are some 20 or more in number and are arranged about a system of beautiful courts some 33 acres in extent. The arrangement is such as to permit the most exquisite decorative effects that the best trained artists of the world may be able to produce.

Space will permit only an enumeration of the principal buildings. These are: The Electric Tower, 375 feet high, which is to be the centerpiece of the most brilliant and novel electric illumination ever conceived; the Propylæe, or architectural screen, at the northern end of the grounds; the Stadium, for sporting and athletic events; the Agriculture building, Manufactures and Liberal Arts building, Ethnology building, the Government group of three great buildings, the Midway restaurant building, Electricity building, the Machinery and Transportation buildings and Railroad Station, the Temple of Music, Graphic Arts, Horticulture, Mines, Forestry, Dairy, Ordnance, Service and other buildings, the Al-bright Gallery of Art, costing \$400,000; the New York State building, costing \$175,000, besides the state and foreign buildings and numerous other structures of beautiful and interesting design for a variety of purposes.

The Midway at the Pan-American Exposition alone will cost more than some large expositions. It is estimated the cost of the Midway will be about \$3,000,000, as it will have more than a mile of frontage closely built with the most picturesque structures conceivable and will contain between 30 and 40 entertainment features of most novel and interesting character.

The purposes of the Exposition are not merely to give the people a most magnificent and attractive entertainment, but it will furnish the opportunity for every one to inform himself upon the progress of the nineteenth century. The Exposition is held for the purpose of celebrating the achievements of the western world during a century of unparalleled progress. It is distinctly a western world affair, all the governments of the western hemisphere having been invited to partici-

pate in all departments. Official responses have been made by every important government, state and dependency of the western world, and they are preparing to be represented by most creditable exhibits.

## COUNCIL HELD A BRIEF SESSION

**They Want More and Better Light  
and Turned the Light Bill  
Down.**

### SEVERAL SPEECHES WERE MADE

**None of Them Were Very Com-  
plimentary to the Present  
System of Lighting.**

### COMMITTEE ASKS RECOGNITION

The meeting of council held last night was short and sweet.

Cripps and Peach were absent and the session was called to order at 7:50 o'clock. The reading of the minutes was dispensed with, and the first thing to be taken up was the pay roll.

Clerk Hanley had in his possession a number of bills that had been referred to council by the claims committee, and the first bill was that of Mayor Davidson for \$62 75 for work of prisoners on the streets. It was referred back for explanation and a bill of Delia Morris for \$70 went on the pay roll.

Next came the bill of the Ceramic City Light company for 502 arc lights and 10 incandescents. Their bill amounted to \$656 65, but there was an outage of \$23 90.

Immediately there was a kick and somebody wanted to know where the 502 lights were located. It was decided that it would take too long to enumerate them and Nice remarked: "They give us no service at all. Are we to pay the city's money for the kind of lights we have been getting? I am here to protest against it."

Heddeleston took a hand at this juncture and said:

"The light committee can do nothing unless council stays with it, and the company knows that council will not recognize any recommendation of the committee."

President Marshall remarked that if there was a kick on the bill it should be referred back.

Nice said the city wanted better service and called attention to one light that had not been lighted for two weeks.

Heddeleston reiterated his statement that the light committee would get no recognition if they would bring in a report that somebody remarked that the light company was more interested in street car lines than they were in electric lights.

McLane didn't think there was any use to lay the bill over and thought a committee should be appointed to confer with the company.

President Marshall wanted to know of Heddeleston when the light committee had ever brought in a report or recommendation except in regard to more lights.

Heddeleston had nothing to say and the president said the members would have to quit the discussion or make a motion.

McLane moved the bill be referred back to the company and Smith seconded. The motion carried unanimously.

A bill for \$16 for painting the front of the East End fire station was laid over for two weeks and a bill of Kerr Bros for \$9 75 for repairing stalls at the East End fire station shared the same fate.

The bill of \$313 of the Crockery

City Ice company for building a sewer on Tanyard run went to the finance committee.

Thomas McLaughlin was given \$4,000 on account on the paving of Pennsylvania avenue.

Smith reported that the park commission had spent over \$800 and wanted some money. They were given \$700.

A telephone message from Lisbon said Solicitor Gaston had 22 witnesses there in the Nelson case and they wanted their fees, which amounted in all to \$87 40. It was placed on the pay roll.

Clerk Hanley then read the pay roll, and when he had finished Heddeleston wanted to know how Ryan & Rinehart could be given \$6,000 on Calcutta road when he understood the work had not been done according to specifications. He said the amount could not be assessed up if such was the case.

Not another councilman said a word and the pay ordinance was passed by a unanimous vote.

At this juncture Fisher moved council adjourn and Smith seconded. Nice said council shouldn't adjourn until it had transacted the city's business, and a vote was taken on the motion.

Arnold, Fisher, Marshall and Smith voted "yes" and Nice, Heddeleston, McLane and McHenry "no," and the motion was lost.

Smith asked to be excused, but Marshall told him to wait.

The bids for paving Rural lane were then opened. Ryan & Rinehart bid 1.22 and James S. Rinehart 1.19. The contract was awarded to J. S. Rinehart.

Fisher again moved council adjourn and this time two or three councilmen put on their coats and started out before the vote was taken. It carried this time, although a couple of members voted against it.

## COLORED MAN

**Drew a Revolver And the Crowd Scattered in a  
Hurry.**

Fights were numerous in the city last night. One occurred on Washington street and for a time it looked as though some one would be hurt.

A young man named Reynolds was standing near the Leader store when a colored man under the influence of liquor came along. He asked him if his name was Reynolds and when told it was said he was going to kill him and pulled a revolver.

The crowd scattered and the colored man placed the revolver in his pocket and started down the Midway. An officer was on the lookout for the man, but he could not be found.

## SUSTAINED.

**The Petition in the Case of Martin  
Grimes Against William Watson  
Was Dismissed.**

Lisbon, Nov. 14.—(Special.)—The case of Martin Grimes against William Watson et al. was heard on a demurrer which was sustained and the petition dismissed. Judgment was rendered in favor of the plaintiff for costs.

The case is one contesting the division among heirs of a tract of land in Knox township, and the court sustained the demurrer, stating that the parties had no course of action or grounds for relief which the court has the power to grant.

### Admitted to Probate.

## JACK BRIGHOUSE WAS DISCHARGED

**There Was No Evidence to Show  
That He Had Struck Alice  
Gamble.**

### CASE WAS HEARD YESTERDAY

**A Whole Lot of Witnesses Were on  
Deck to Tell What They  
Knew.**

### PRINCIPALS HAD A DISPUTE

The case of Mrs. Alice Gamble against John Brighouse, in which the latter was charged with assault and battery, was up for a hearing in the court of Justice McCarron at 2 o'clock yesterday afternoon.

Plaintiff's witnesses were "Chip" Gamble, Mrs. Alice Gamble and Mrs. Malone. Mrs. Malone did not see much of the affair, but saw the bump on Mrs. Gamble's head. She saw no blows struck.

Gamble and his wife testified that Jack had hit Mrs. Gamble and indulged in some rather pointed remarks in reference to their feelings towards the Brighouse family.

Moses Coll, Lizzie Stoddard, S. A. Leonard, Fred Headley, Samuel Dawson and Jane Brighouse were sworn for the defense, and the first witness called was S. A. Leonard, who knew absolutely nothing about the case. He was discharged and Mrs. Stoddard called. She had heard the jangle and saw the people congregated along the beach, but did not see Brighouse hit Mrs. Gamble.

Moses Coll walked past the crowd and kept on without turning his head; consequently he did not see any blows struck. Sam Dawson was standing on the railroad when Chip Gamble came along with a jag on. He said Gamble told him he was going down to clean up the bunch at the Brighouse boat, and Dawson naturally went along to see the fun. He saw a mixup between "Chip" and young Jack Kizer, but didn't see the Gamble woman hit. Dawson testified he could see the whole crowd at once, but was watching things pretty close and didn't see a lick struck by old Jack. Dawson had some difficulty in giving testimony, as he had a huge wad of tobacco in his mouth which he shifted from one cheek to the other, and it interfered somewhat with his speech.

Mrs. Jane Brighouse, wife of defendant, here went on the stand, and from the manner in which she gave her testimony no doubt was left in the minds of those present that she meant every word she said. She had not proceeded far with her story when "Chip" undertook to help her out, but she cut him short with: "Look here, Gamble, I'm not talking to you." "I'm not talking to you, either," said Gamble, "I was addressing Squire McCarron."

Just then Mrs. Malone and Mrs. Gamble began to laugh and Jack Brighouse got mad. He leaned over and, pointing his finger at Mrs. Malone, yelled: "What does that thing know about it; she was too drunk to know what she did see."

The court said they must be more orderly and Mrs. Brighouse proceeded. She said John wasn't off the porch during the whole scrap and could not have hit the woman.

Fred Headley had returned to work, but was sent for and testified that he was right on the ground all the time and didn't see any blows struck. This ended the testimony and the justice promptly acquitted defendant, holding there was no evidence to convict and no case had been made against Brighouse.

Jack smiled and said he thought so, whereupon Gamble accused the whole crowd of giving conflicting testimony, allowing as how no one could be convicted with that array of witnesses on their side.

McCarron called for order and they all filed out—all but Dawson, who edged toward the squire and inquired about "them there fees."

He was set right on the matter by being told that when Gamble settled the costs in the case he would be paid, and he took another mouthful of "scrap" and went his way.

**He Answered to Three Charges of Fur-  
nishing to Minors, And Was  
Fined on Two.**

Lisbon, Nov. 14.—(Special.)—Lewis Kline, a Wellsville saloonist who skipped out before the last grand jury, and was arrested in East Palestine last Saturday, was arraigned this morning on three charges of selling to minors.

He pleaded guilty to two charges and was given \$25 and costs in each case.

One case was nollied.

## DID THE OIL MAN LOSE HIS WATCH?

**A Man Appeared at the Mayor's Office  
This Morning And Told His  
Story.**

An oil man from the Pennsylvania fields in the vicinity of Rochester drove to that place yesterday morning and, putting up his team in Hinkle's livery stable, went to a neighboring saloon and got drunk.

He boarded a west bound train and landed in Liverpool yesterday afternoon. He said he spent the time with several parties during the evening and slept in some office in the lower part of town last night. This morning he was at police headquarters bright and early looking for an officer.

He claimed he had been touched for a gold watch and chain while drunk last night. He had paid \$125 for the time piece, and didn't feel like giving it up. He did not know whether he had any money or not, but the last recollection he had he owned \$75 in money, and thinks he must have been relieved of at least part of it.

Officer Mahony spent several hours with him today, but nothing could be heard of the thieves. The authorities are inclined to discredit his story.

## ONE DRUNK

**Went to Sleep at Fire Station Stable  
And Was Conveyed to  
City Hall.**

Thomas Jones is his name and at present he is engaged in keeping one of the beds at city jail warm. Jones must be a stranger in the city, as he walked into the fire station last evening and went to sleep.

The eagle eye of Patrick Wood discovered him and Jones was loaded in the patrol and taken to city hall. A half pint of whisky and \$1 was found on him when he was searched. He will get a hearing today.

## WHAN AND GRIM CASES OUT AGAIN

**Judge Hole Dismissed the Petition  
For a Second Time and  
Granted Leave**

### TO FILE AMENDED PETITION

**The Cases Will Probably Now Be  
Carried to Circuit Court  
on Error.**

### DEMURRERS WERE SUSTAINED

Lisbon, Nov. 14.—(Special.)—In the cases of Officer John Whan and Arthur Grimm against the city of East Liverpool, a demurrer filed by the city was sustained in each case.

The demurrers charged that there was a misjoinder of parties defendant and causes of action, and that the petition does not state facts sufficient to construct a cause for action.

This puts the case practically out of court, although Attorney Clark has been granted permission to come into court on an amended petition.

He can also carry the case to the circuit court on error, and the latter course is probably the one he will pursue, although he has not yet made up his mind.

The demurrer filed by Attorney McGarry on behalf of Mayor Bough and the bondsmen was also sustained and the case against them was dismissed.

## SHE DIDN'T GET IT.

**Judge Hole Refused the Request of  
Lizzie Walter for a  
Divorce.**

Lisbon, Nov. 14.—(Special.)—Judge Hole denied the divorce last evening of Mrs. Lizzie Walter in her case against S. D. Walter.

Mrs. Walter brought the suit some time ago, alleging her husband had been guilty of gross neglect of duty. She claimed that the defendant had for some years been able to earn a man's wages and had failed to support her. Mrs. Walter has been residing in Salem for some time.

## X RAYS USED.

**Mrs. T. M. Bennett Has Returned  
Home from a Pittsburg  
Hospital.**

Mrs. T. M. Bennett, who was taken to the Homeopathic hospital in Pittsburg Monday by Dr. Sloan, returned home yesterday afternoon.

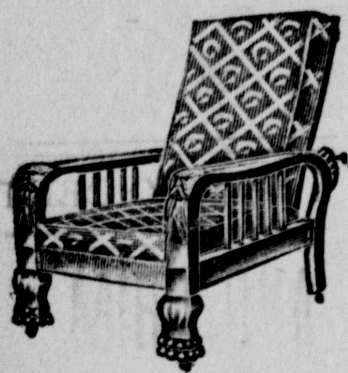

While there an x-ray was used and it was discovered that a small bone at the shoulder was broken. Mrs. Bennett is unable to raise her arm.

It will be remembered that Mrs. Bennett was very badly injured several weeks ago by a wagon upsetting. She is improving very fast.

## MORE CARS.

**Council Thinks Street Car Company  
Should Give Passengers Better  
Service.**

Last night before council met the question of asking the street railway company to put on more cars between the hours of 6 and 7 a. m. and 5 and 6 p. m. was discussed and the members of council present were a unit in stating that the early morning service was totally inadequate to handle the passengers.

### OHIO RIVER IMPROVEMENTS

The Following Communication  
From Major W. H. Bixby  
Will Be of Interest

#### TO THE PEOPLE IN THE CITY

The Major Shows Just What Good  
Dams Would Be to the  
River.

#### IT IS WELL WORTH READING

The following information in regard  
to the improvement of the Ohio river  
will be read with interest by the peo-  
ple in this city, who are heartily in  
favor of any plan that will make a  
boating stage possible the year  
round:

The communications are as follows:  
Cincinnati, Nov. 2.

Major Wm. H. Bixby, Corps of En-  
gineers, U. S. A., Government build-  
ing, Cincinnati.

My Dear Sir—If consistent to fur-  
nish me information in reply to the  
following inquiries, you will greatly  
oblige:

First—Are you sufficiently advised  
as to express an opinion as to whether  
a lock or moveable dam located below  
the mouth of Salt river would have  
the effect of raising the waters of  
Salt river to a navigable stage and  
creating a storage pool in the Ohio,  
which would reach the mouth of the  
Louisville canal?

Second—Can you give me an idea  
of the practical effect upon the har-  
bors at Evansville and Hender-  
son, and upon the outlet of  
Green river, which would follow the  
construction of a lock and moveable  
dam near or below Henderson?

Third—Will you similarly advise me  
as to the physical and commercial  
effect of the location of a lock and  
moveable dam below Brooklyn, on  
the Ohio river, as to its effect upon  
the harbor of Brooklyn, Paducah and  
the mouth of the Tennessee?

Is it possible to forecast that the  
improvement above referred to would  
be so located as to become a part of  
the general scheme of improvement  
now in progress, which has for its ob-  
ject the securing of a minimum depth  
of six feet between Pittsburg and  
Cairo?

Any light which you can throw  
upon this subject would be of great  
present interest to the members of  
this association.

Thanking you in advance for kind  
attention, I am

Yours very truly,

E. P. WILSON,  
Secretary.

Cincinnati, Nov. 3, 1900.

Mr. E. P. Wilson, Secretary Ohio Val-  
ley Improvement Association, Room  
A., Chamber of Commerce, Cincin-  
nati, O.

Sir—Yours of November 2 is duly  
received, making inquiries regarding  
the usefulness and practicability of  
dams in the Ohio river at points below  
Salt river, below Henderson and below  
Brooklyn.

Each dam as now proposed for use

in the Ohio river above the mouth of  
the Big Miami, is intended to be so  
arranged as to raise the water about  
8 feet at each dam and to give at  
least a depth of 6 feet in the harbor  
or pool thereby formed above such  
dam.

Between Louisville and Salt river  
the present river slope at a low water  
stage is about 7 feet in 20 miles; be-  
tween Green river and Henderson,  
about 4 or 5 feet in 20 miles; between  
the mouth of the Cumberland river  
and Brooklyn, about 3 or 4 feet in 20  
miles. A dam of about 8 feet height  
in the Ohio river just below the mouth  
of the Salt river would therefore  
probably back the water for 15 or 20  
miles up Salt river, and for about 34  
miles up the Ohio river, to probably  
the foot of the Louisville canal, so  
to insure 6 feet depth throughout the  
pool thus established. A similar dam  
below Henderson would probably form  
a similar pool of about 30 to 40 miles  
length, so as to include Henderson,  
Evansville and the Green river up to  
the foot of the lowest lock and dam  
on that river. A similar dam below  
Brooklyn would form a pool of proba-  
bly over 40 miles length, so as to in-  
clude Brooklyn harbor, Paducah har-  
bor, the mouth of the Tennessee and  
the mouth of the Cumberland. At  
each place these pools would give  
deep water over a great many shoals  
now exceedingly troublesome.

Dams as above described could  
probably be so located as to become a  
part of the general scheme of im-  
provement now authorized by congress  
from Pittsburg to Marietta, and now  
under the consideration of congress  
from Marietta to the mouth of the Big  
Miami, the Indiana state line. So far  
as now seen the constructions of such  
dams is entirely practicable, and is  
merely a question of dollars and cents.  
Such dams would probably cost: The  
one below Salt river, \$1,500,000; below  
Henderson, \$2,500,000; below Brook-  
lyn, \$3,000,000; the cost per mile  
length of pool or river affected being,  
however, about the same as in the up-  
per half of the upper Ohio river, where  
work is now in progress.

My official report of April 17, 1900,  
on the survey of the river from Ma-  
rietta to the mouth of the Big Miami,  
now before congress for its considera-  
tion, stated that in my opinion, special  
advantageous results to commerce, ob-  
tained with special quickness, would  
follow the construction of dams  
across the Ohio river, whenever such  
dams were built a short distance be-  
low large tributaries and large cities;  
partly because the large harborages  
thus obtained in the river would af-  
ford fine places for the loading and  
unloading of coal fleets and other tows  
and for the stoppage and assemblage  
of such fleets and tows while awaiting  
favorable stages for departure up and  
down both the main river and its tri-  
butaries, and partly because such in-  
creased harborage would be most ad-  
vantageously placed by being at the  
already established centers of popu-  
lation and freight communications,  
thus giving special stimulus to general  
commerce and related business inter-  
ests.

The above estimates as to lengths  
of pools and costs of work are merely  
approximate. No definite estimates  
can be well submitted until the lower  
portions of the river from the Big  
Miami to Cairo has been carefully sur-  
veyed, in the same way as is being  
done above the mouth of the Big Ma-  
mi under the past authority of con-  
gress. Such surveys are roughly es-

timated as requiring an appropriation  
of \$200,000 for their execution. Should  
congress desire to authorize such sur-  
veys, the locations of individual dams  
and careful estimates for their cost,  
to be made by this office to congress  
on its request, will naturally follow  
closely upon the completion of the sur-  
vey.

The desirability of such a survey is  
a matter to be settled by congress  
through its representatives, in re-  
sponse to the requests of their con-  
stituents, accompanied by reasonable  
proof of the necessity, importance and  
value of such work to the public at  
large.

Very respectfully,

W. H. BIXBY,  
Major, Corps of Engineers, U. S. A.

#### AN APPEAL.

This Citizen Pleads for Aid for Our  
Colored Brethren in Their  
Hour of Need.

Mr. Editor—Doubtless many of our  
good citizens have received the appeal  
for help, coming from our colored  
brethren, to enable them to hold their  
church, which is about to be sold. Per-  
sonally, I am glad of the opportunity,  
although sorry that they are so situa-  
ted. I feel prompted (although unsol-  
icited to do so) to say a word through  
your valuable columns in their behalf.

Prosperity is bringing into our  
midst quite a large number of our  
colored brethren, and it is highly im-  
portant that the A. M. E. church hold  
its place among the brotherhood of  
churches in our city; for, as a rule,  
they can reach their own people more  
successfully than any other agency. I  
personally know many who are iden-  
tified with this church, and believe  
them worthy of our help. They are  
all people who have to work hard,  
and do not possess much wealth, and  
are worthy of great credit for their  
self-sacrificing devotion to their  
church; and, knowing East Liverpool  
for 20 years, I predict a hearty re-  
sponse. I will be one of 20 to raise  
them \$100; and if we give them \$1,  
500 it will be a paying investment.

J. C. MCCLAIN.

#### DAYTON HOME.

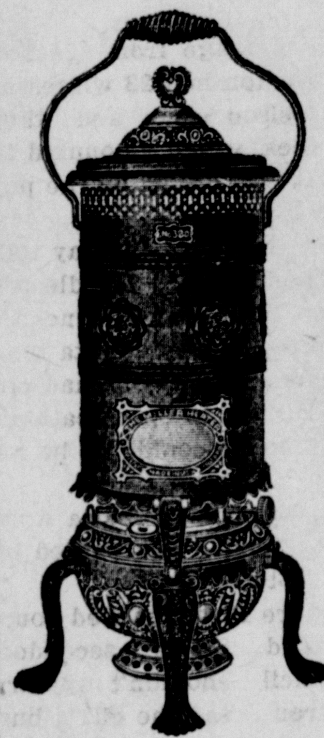

A Letter from One of the Old Veter-  
ans Now Residing  
There.

Comrade Joseph McCoy, a former  
resident of East Liverpool, now quar-  
tered in the Dayton Soldiers' Home,  
informs us that Montgomery county,  
Ohio, is Democratic, were it not for  
the vote of the veterans in the Home,  
and they came to the rescue in fight-  
ing trim, as of old, and elected a mem-  
ber of congress. The comrade informs  
us that they have a strong temper-  
ance organization in the Home, and  
that it is accomplishing much good.  
The correspondent says that the old  
boys from East Liverpool were right  
on deck, and cast their ballots for the  
Republican ticket straight. McCoy  
speaks in warm praise of the Home,  
and asserts that it is an institution in  
which the government can take just  
pride.

#### To the Public.

I hereby warn all merchants and  
business men, and all concerned, that  
I will not be responsible from this

Mrs. Eva May Evans.

#### PRACTICALLY SETTLED.

The Case of John C. Rayl Against S.  
D. Karns Will Not Appear in  
Court Again.

Lisbon, Nov. 14.—(Special.)—The  
case of John C. Rayl against S. D.  
Karns has been practically settled by  
the consent of all parties concerned.

All questions at issue are referred  
to the award and determination of G.  
W. Adams, W. F. Lones and F. L.  
Wells, who shall have their awards  
drawn up by November 26.

The parties to the suit have agreed  
that judgment shall be entered on their  
finding and that no exception in any  
form be taken.

## THIS PICTURE AGENTS' SCHEME

Goes to a House and Secures a Photograph to Have It Enlarged.

WHEN HE RETURNS THE COPY

It Has No Resemblance to the Original but He Puts Up a Bluff.

AND IS GIVEN HIS MONEY

A picture agent has been doing a good business in the vicinity of Lincoln avenue during the past few days. The agent has a good graft and has been working it for all it is worth.

The scheme is to get a photograph to be enlarged, agreeing to do the work at a very small cost. This is all that requires any effort on his part, as the fulfillment of his part of the contract—the furnishing of the completed picture in good shape—is a matter of very little concern to him.

He got a job from a lady of that thoroughfare a few days ago. He had no hesitancy in making the promise that the work would be perfectly satisfactory to his customer. When the work was presented for inspection it looked about as much like the original as a pig resembles a cow, and the lady refused to accept it. This is where the fellow gets in his work. First he makes it a point to visit the house when the lady is by herself. He said the picture was all right, and that he had employed an attorney to collect all such accounts. His plan is to pretend to be very indignant, and in a majority of cases when he has finished the lady is so frightened that she pays over the money in order to avoid the trouble he promises.

The pictures are thought to be stock photographs, which were brought here in large quantities, as no effort is made to produce a correct likeness. The fellow should be run out of town.

## COUNTY TREASURER.

Mr. W. A. Thompson, of Salineville, Will Enter the Race for the Berth.

W. A. Thompson, the well known banker of Salineville, was in East Liverpool yesterday, circulating among his numerous friends and acquaintances, glad to meet and shake hands with them and congratulate Republicans in general over the notable victory just placed on record by the Grand Old party. And, incidentally, of course, it is whispered that Mr. Thompson is not averse to letting the public at large, and Republican voters in particular, know that he is a candidate for the berth of county treasurer, and that he desires to corral every vote that he can, in an honest and honorable manner, as he has heard it whispered that he may possibly have an opponent or two in the battle for the nomination. We understand that all he asks is a fair field and an open fight, and that he feels assured this will be granted to him, as his opponents are worthy competitors and lovers of fair play. Close personal friends and warm admirers of Mr. Thompson assert that he is eminently fitted for the position to which he aspires, and that the duties of the office of treasurer of Columbiana county will receive careful, conscientious and close supervision in case the voters entrust the berth to him. We await fuller developments, and will tell you all about the result when the ballots are deposited.

## FOR THE BOYS.

An Effort is Being Made to Provide a Library at Lancaster Industrial School.

One of the most important public institutions in the state of Ohio is the Boys' Industrial School located at Lancaster, being a correctional and an educational institution. It has an average of nearly nine hundred lads between the ages of 8 and 18 years, and its objects and purposes are to bring them up as good men.

With this end in view a movement is on foot to supply a library adequate to the needs of these growing minds, and Mr. Malcolm Jennings, a former trustee of the institution, has taken charge of the matter. Mr. Jennings earnestly invites all people who have spare books and magazines, bound or unbound, to send them to Hon. C. D. Hilles, superintendent of the school at Lancaster. Good application will be made of them and the gift will be appreciated in full measure.

## THEIR NEW MILL.

Work Has Commenced on the Mill to be Erected at Alliance by Huston & Hill.

Alliance Review.

The breaking of ground at the northwest corner of Mechanic avenue and Prospect street, for the new mill and elevator to be erected by Messrs. Huston and Hill, has progressed rapidly.

T. B. Bahl, of East Liverpool, will be chief miller. He has been in the city all week and returned home this afternoon to arrange for the removal of his family here. Mr. Bahl's wife and two children will accompany him to Alliance next Wednesday. They have leased the Arthur Rice residence on South Arch avenue. Mr. and Mrs. Bahl will be welcomed as Alliance citizens.

Lisbon, Nov. 14.—(Special).—In the case of Aletha Frazier against John T. Forbes, as executor of the estate of Aletha Campbell, of Wellsville, an entry of settlement was made.

The terms were not made public, but the plaintiff claimed judgment for \$480 for services, board and lodging the deceased during his last illness.

Appeared at the Clerk's Office Arrayed in a Very Fantastic Costume.

He walked into Clerk Hanley's office last evening shortly before council was ready to meet last night. He was attired in a fancy silver colored coat, had on a white vest and wore a plug hat, while his face had been colored a lovely ebony hue. He said his name was J. N. Smith and he came from Smith's Ferry.

He was very much agitated and said he would go to the penitentiary if necessary. He "declaimed" a piece that he had "declaimed" in Geneva, Ohio, and then sang a song. Smith was finally told that he would not have to go to the penitentiary and left with the remark that he was no Jesse James, but he could serve time if necessary.

## THE TIN HORN.

## HOW HE VOTED.

He is a well known Prohibitionist, and he voted for Woolley. ## GRANT STREET SCHOOL.

One of the fairest and most winsome of our Grant street school marms propounded this query to her scholars while in session yesterday: "What is a republic?" And a bright little maiden made answer, without a moment's hesitation: "A republic is the leading industry of Alaska, and it is something very good to eat." A few days since the same teacher propounded the following: "How many oceans are there, and name them?" Quick as a flash came the answer: "Five, Ohio, Indiana, Pennsylvania and New York, and I can't remember the name of the fifth." The teacher gasped for breath momentarily, and then muttered, in an undertone, "Oh, my—swim out."

The report of the mayor showed that he had collected \$188 in fines and licenses during the month.

## Water Was Scarce.

Water was scarce today, one ten-inch main being used to supply the town. The improvements being made on Thompson hill made the lowering of the main in that part of the city necessary. There is some talk of taking five feet of earth off the hill at

the corner of Thompson hill and Ravine street in the near future and this will cause another lowering of the main.

## Wonderful Courage.

That was a magnificent feat performed by a French regiment when they were fighting the Austrians. It happened a long time ago, but the incident was marked by such superlative valor that it will never be forgotten.

The regiment, under Colonel Walhubert, was sent to take an intrenchment of the Austrians in the heights of the Simplon pass. Arriving at the point, they found the enemy solidly intrenched in what appeared to be an impregnable position. In front of their redoubts and quite separating them from the French force was a deep chasm through which ran a mountain torrent.

How to get across was a problem seemingly impossible to solve. But the colonel was equal to it. He found a long, straight tree with a trunk almost a foot in thickness. This he ordered to be cut down, and the trunk was actually thrust across the chasm under a galling fire. The colonel gave the word to pass over—one man at a time.

The first was shot and pitched down to death in the chasm. The second and third shared his fate, but presently a few succeeded in the desperate attempt. Then the colonel followed, formed the little party on the other side and charged. The enemy, dumfounded at such extraordinary bravery, left their position and fled.—Casell's.

## Injunctions Will Close Down Mills.

Niles, O., Nov. 14.—Five hundred men will be thrown out of work here by the closing of the forge and plate mills department of the American Sheet Steel company's mills. This action is due to the injunctions threatened by the National Tube company and the Republic Iron and Steel company. The latter company claims that when it sold its sheet mills it was with the agreement that the American company would manufacture only steel sheet.

## Banker's Wife Attacked by Robber.

Chicago, Nov. 14.—The home of Orrin W. Potter, at 130 Lake Shore drive, was entered by a masked burglar, who struck Mrs. Potter in the head with brass knuckles, cutting a deep gash. There was fear that this and the nervous shock would result seriously, but she was resting comfortably. Last April the house was robbed of \$18,000 in diamonds and jewelry, but there was no clue.

# JOLLIFICATION WAS A SUCCESS

Rain Headed Off the Parade but  
It Didn't Stop the Small  
Boy.

## THERE WAS LOTS OF RACKET

Streets Were Thronged With En-  
thusiastic People Celebrating  
the Great Victory of The

### REPUBLICAN STANDARDBEARERS

The people of East Liverpool didn't  
jollify last night in the way they an-  
ticipated, but yet there was enough  
noise made to convince everybody  
that the residents were heartily glad  
that McKinley and Roosevelt had been  
made the choice of the voters of the  
United States.

All preparations for the parade had  
been made and the bands were in uni-  
forms, while the marshals and aides  
were riding around the streets on the  
fiery steeds when the weather took a  
hand in the demonstration and in a  
short time the rain was coming down  
in torrents and the wind was so  
strong that some of the marshals and  
aides had hard work maintaining a  
seat on their horses. There was a lot  
of fast riding in the city and every-  
body made for shelter.

The parade was at once declared  
off, but the small boy who had pur-  
chased a tin horn in anticipation of  
the affair was not to be deprived of  
all his fun, and as soon as the rain  
stopped he appeared on the streets  
and made Rome howl.

The spirit of the thing soon spread  
to the older people and before 8  
o'clock the streets were packed with  
an enthusiastic throng blowing tin  
horns, shouting for McKinley and  
making all the noise they could prob-  
ably crowd into one evening.

While there was no order about the  
affair, it certainly was a success in  
the way of a jollification.

#### A Jacket of Many Garments.

Although Gordon declined to accept  
the bow's of gold offered him by the  
Chinese emperor after the suppression  
of the Taiping rebellion, yet he con-  
sented to receive the yellow jacket, a  
distinction limited to 12 wearers, who  
constitute the imperial bodyguard.

When the presentation of so exalted  
an oriental order took place, there was  
a most remarkable ceremony observed  
by the Celestial grandees commis-  
sioned to personally confer the high mark  
of the emperor.

To Gordon's astonishment,  
the operation of putting the yellow  
jacket in its place was a consid-  
erable undertaking, between two  
and three hundred men, but simple  
minded soldiers engaged in putting  
on one suit and off another until  
a most extensive robe had been  
gone through.

It comprised robes, jackets,  
coats, hats, caps, shoes, fans, gir-  
dles, thumb rings, jade and neck-  
laces for all seasons and occasions.

The yellow jacket in its actuality  
was the last link in the raiment bear-  
ing its name. Gordon was ar-  
rayed.—Pears.

#### A Pottery Accident.

Salem Herald.  
An accident occurred at the pottery  
Monday afternoon which will cause  
the saggers to lay off for a few

## EAST END.

### BROKE HIS ANKLE.

TWYFORD MET WITH A PAINFUL  
ACCIDENT YESTERDAY.

He Was at Work Unloading Timber  
When a Large Piece Fell  
on Him.

George Twyford, of Dixonville, who  
is employed as a laborer by John Bell,  
met with a painful accident at 3  
o'clock yesterday afternoon, which  
will lay him up for some time.

Twyford was engaged in unloading  
timber from a car at the Laughlin  
No. 2 plant when a large piece fell  
on his foot. He fell backward and in  
the fall his ankle was broken. The  
gentleman was taken to the office of  
Dr. Calhoun on Virginia avenue,  
where the fracture was reduced. The  
patrol was then called and the in-  
jured man taken to his home. He is  
somewhat improved today, although  
the member is giving him a great deal  
of pain.

### HE WANTED TO KNOW.

An Individual Who Thought He Was  
the Only Republican in the  
Place.

An individual from "way down yan-  
der," who has been making his home  
in East End for some time, approach-  
ed a prominent East Ender last even-  
ing, and in a manner which would in-  
dicate that he had indulged pretty  
freely, stated he had just come from  
down town, and demanded to know  
where those 7,000 people were that the  
Republicans had promised would be  
sent down to take part in the jollifi-  
cation.

The gentleman approached did not  
know anything about such a promise  
and the fellow went home, remarking  
that he believed he was the only Re-  
publican in that community.

#### Died.

Mr. Henry Pritchard departed this  
life at 10:30 Wednesday morning, No-  
vember 14, at the home residence,  
East End. Deceased was born March  
27, 1837. He has been a resident of  
East Liverpool for 13 years, removing  
from Wellsville, where he had resided  
some 16 years. He was a communi-  
cant in the Protestant Episcopal  
church, Wellsville. He leaves five  
children. Mrs. James Reece, of Apo-  
lo, Pa.; Mrs. Frank Adams, Wells-  
ville; W. H. Pritchard, West Lafay-  
ette, Ohio; Mrs. John Smith, East  
End, East Liverpool, and Miss Jennie  
Pritchard, residing at her father's late  
residence, East End.

#### They Are Hustling.

The improvements at the Laughlin  
pottery are progressing rapidly. Yes-  
terday morning Contractor Bell un-  
loaded the last of 32 cars of brick  
at the plant, and was engaged in de-  
livering the first car of lumber when  
Mr. Twyford was hurt. His injury  
will delay the work to some extent  
until another man can be secured.

## SOUTH SIDE.

### SHOT HIM.

William Messer Received Several Shot  
in His Legs Yesterday  
Afternoon.

John Cunningham, Dick Johnson  
and William Messer were hunting  
south of town yesterday, and while  
Messer was behind a thicket, opposite  
the other hunters, he received a load  
of shot in his legs. Johnson had  
scared up a rabbit, which ran toward  
the thicket. Unconscious of the  
fact that Messer was in that direc-  
tion he fired.

A number of shot took effect in his  
legs and embedded so deep in the flesh  
that Cunningham, who made the at-  
tempt, was unable to extract them.

He was brought to East Liverpool,  
where a physician succeeded in remov-  
ing the shot, and the gentleman is  
able to be around today.

### DENIED AGAIN.

No Truth in the Report That the Mill  
Will be Taken to  
Wellsville.

The rumor was circulated very fre-  
quently on Southside for the past few  
days to the effect that the rolling mill  
would be moved to Wellsville.

There was no foundation whatever  
for the report. Instead there is good  
reason for the belief that the mill will  
be started before the end of the pres-  
ent year.

The presence of a stranger in this  
vicinity a few days ago, who spent  
some time investigating the condition  
of the machinery and equipment, gives  
good foundation for the latter theory.

#### Selling the Jersey Cattle.

A sale of Jersey cattle is being held  
at the Southside livery this afternoon  
by Hon. P. A. Hugh.

Mr. Pugh has been celebrated for  
miles around as a breeder of fine  
stock and sold a large number of fine  
Jerseys on this occasion.

#### Southside Has Measles.

Cases of measles have developed in  
the families of Messrs. Riley and  
Noakes, and an epidemic is threat-  
ened.

#### Making a Visit.

J. C. Cunningham and wife left yes-  
terday for Raytown, where they will  
visit relatives.

#### Digging Ditches.

Contractor Bovard's gang is now at  
work near the Third street bridge dig-  
ging ditches for water mains.

#### Dipping Department Started.

The dipping department of the Tay-  
lor, Lee & Smith pottery was put in  
operation yesterday for the first time.

#### Attending the Sale.

Silas Hobbs, of Pughtown, is in  
Chester in attendance at the sale this  
afternoon.

Residents of Chester are complain-  
ing of the scarcity of gas.

#### Returns Were Not Adequate.

A minister in Glasgow, says The Scot-  
tish-American, asked an urchin who  
was standing looking in at one of the  
Sabbath school windows how he would  
like to join the Sunday school and  
grow up a good man.

"What sort o' Sunday schule is't?  
'Stabished?"

"Yes," said the clergyman. "It is  
connected with the Established church.  
Are you not coming in?"

"Na," replied the boy. "I tried the  
'Stabished Kirk Sunday schule last  
year, an I only got twa fardin oranges  
an a pock o' sweeties at the Christmas  
tree, sae I'm gaun tae gie the Free  
kirk a trial this year."

#### Played It to the Limit.

Many writers have declared that an  
Irish gentleman's hospitality is unlim-  
ited, but this is a slight exaggeration,  
as is shown by a story borrowed from  
a book of Irish memories.

Jerry McCartie was often the guest  
of friends who on account of his pleas-  
ant ways extended to him that sort of  
old Irish hospitality which enabled a  
visitor in my own family who came for  
a fortnight to stay for six years.

In McCartie's case the visit stretched  
to nearly double that time. After  
eight or nine years, however, his kins-  
man got a little tired of his guest and  
let him know of his old mansion's pro-  
posed renovation and that he had signed  
a contract for having it painted  
from garret to cellar.

"Ey George," said Jerry. "It's for-  
tunate that I don't object to the smell  
of paint, and it will be well to have  
some one to keep an eye on the paint-  
ers now that the wall fruit is ripen-  
ing."

Some months passed. Then his host  
informed him that he was going to be  
married, adding, "I thought I'd tell you  
in good time, so that you could make  
leisurely preparations to go, as the

lady and you may not hit it off as well  
as you and I do."

With tearful eyes Jerry grasped his  
cousin's hand, saying:

"Oh, Dan, dear, you have my hearty  
thanks for your consideration; but,  
dear, dear boy, surely if you can put up  
with her I can."

#### To Prepare Plant to Resume.

have been received from the New York  
office of the American Sheet Steel  
company, to have the big Reeves plant  
placed in condition to resume work  
at once. Some departments will be  
in operation within a few days. About  
400 men will eventually be given em-  
ployment.

#### Introduced Bill to Disfranchise Negro.

Atlanta, Ga., Nov. 14.—A bill to dis-  
franchise the negro was introduced in  
the lower house of the Georgia legis-

of Washington county. A bill similar  
in character was introduced at the  
last session and defeated.

## ARCHIBALD LYBRAND.

Archibald Lybrand of Delaware, Ohio, was born in Tarlton, Pickaway county, Ohio, May 23, 1840; removed to Delaware in 1857; was educated at the Ohio Wesleyan university, Delaware, Ohio; at the breaking out of the Civil War he enlisted April 26, 1861, as a private soldier in company I, Fourth Ohio volunteer infantry; from this regiment he was transferred to company E, Seventy-third Ohio volunteer infantry, and promoted to first lieutenant; remained in service with the Seventy-third Ohio volunteer infantry for three years; the last two years was captain of his company, and participated in the battles of Rich Mountain, Cross Keys, Second Bull Run, Cedar Mountain, Fredericksburg, Chancellorsville and Gettysburg, and served a portion of his time as aide-de-camp on the staffs of Generals Steinwehr and Sigel; went west with General Joseph Hooker, and took part in the battle of Lookout Mountain, known as Hooker's fight above the clouds; also participated in the battles of Chattanooga and the battles of the Atlanta campaign, receiving two slight wounds, one at the battle of Peach Tree Creek and the other at Dallas, Ga.; at the close of the war returned to Delaware; in 1869 was elected mayor; studied law and was admitted to the bar in 1871; in 1873 became an active partner in the Delaware Chair company, and from that time until the present has been engaged in the affairs of the company; is also a land owner and interested in farming; was appointed postmaster at Delaware Dec. 20, 1881, by President Chester A. Arthur, and served one term of four years. He was elected to the Fifty-fifth congress, as a Republican, in 1896, from the Eighth district, composed of the counties of Delaware, Champaign, Hancock, Hardin, Lorain and Union counties. He was elected to the Fifty-sixth congress in 1898 from the same district.

## JOHN J. LENTZ.

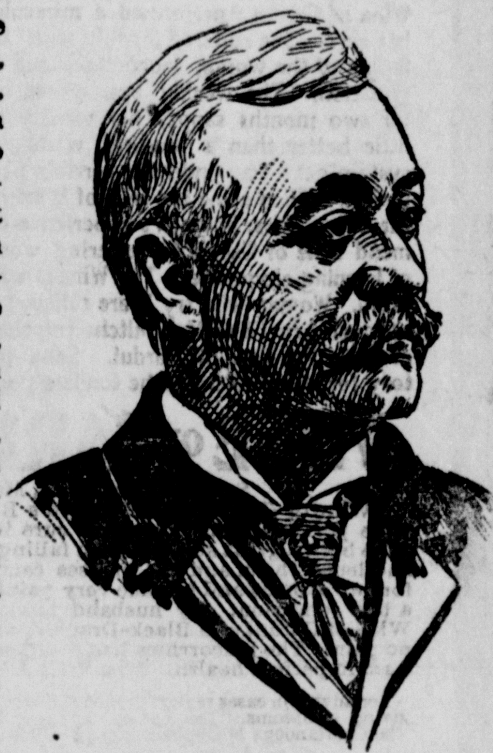

John Jacob Lentz of Columbus was born near St. Clairsville, Belmont county, Ohio, Jan. 27, 1856; attended district school and the St. Clairsville High school; taught school four years, and graduated from the National Normal university, Lebanon Ohio, in 1877; attended University of Wooster one year, and graduated from University of Michigan with degree of A. B. in 1882; took both law courses at Columbia college, New York city, receiving the degree of LL. B. in 1883; admitted to the bar at Columbus in October, 1883, and since 1887 has been a member of the law firm of Nash & Lentz; for five years was one of the examiners of the city teachers, and was appointed a trustee of Ohio university by Governor McKinley; in the Democratic state convention, at Cincinnati, in 1893, although refusing to permit his name to be presented to the convention, he was voted for as a candidate for governor. He was elected national president of the American Insurance Union in September, 1896, and re-elected in 1897, 1898 and 1899. He was voted for as a candidate for the gubernatorial nomination in 1897, and again in 1899, although again refusing to permit his name to be presented to the convention. In 1896 he was elected to the Fifty-fifth congress, as a Democrat, from the Twelfth district, composed of Franklin and Fairfield counties, and was re-elected from the same district in 1898 to the Fifty-sixth. In the famous contest which resulted in the election of Marcus A. Hanna by the Ohio legislature, in January, 1898, Mr. Lentz was the only Democrat who received a vote for United States senator. He was permanent chairman of the Democratic state convention held at Dayton, Aug. 23 and 24. In the first session of the Fifty-sixth congress, no resolution attracted wider attention than that introduced by Mr. Lentz to investigate the use of the United States army in Idaho in connection with the labor troubles in the Coeur d'Alene mining district. This investigation was vigorously prosecuted by Mr. Lentz, and closely followed by organized labor throughout the country, and attracted universal attention among all who watch the use of the military arm of the government.

Mr. Lentz, although he has been in public life but a short time, has attained that eminence as an orator that he has been called upon to speak in almost all the principal cities from Milwaukee to New Orleans, and from Portland, Me., to Portland, Or.

## JOHN A. McDOWELL.

John Anderson McDowell of Millersburg was born in Killbuck, Holmes county, Ohio, Sept. 25, 1853; his father's family moved to a farm in Monroe township, Holmes county, where he received his first years of schooling in a country school; later the family returned to Killbuck, where he clerked in his father's store, and attended the village school in the winters; attended the Millersburg High school and Lebanon Normal university; was graduated from Mount Union College; began teaching a country school at 17; taught seven winter terms; was principal of Millersburg High school two years and superintendent of Millersburg schools for 17 years; was county school examiner for seven years; has been engaged as instructor in teachers' institutes in several counties in Ohio, also instructor in the summer school of Wooster university; has been directly interested in agricultural pursuits for several years; was elected to the Fifty-fifth congress as a Democrat in 1896, from the Seventeenth district, composed of the counties of Holmes, Wayne, Coshington, Tuscarawas and Licking, and was re-elected from the same district to the Fifty-sixth in 1898.

Two Conventions Organized by the Quarreling Labor Feudists at Birmingham, Ala.

Birmingham, Ala., Nov. 14.—Two conventions, both claiming to be the general assembly of the Knights of Labor of the United States and Canada, are in session in this city as the outcome of a split which has occurred in the ranks of the order.

The Parsons wing of the order, headed by John M. Parsons, of New York, as grand master workman, arrived here at noon. The faction headed by John W. Hayes arrived Monday and the convention composed of delegates of this faction was called to order by Grand Master Workman L. D. Chamberlain, of Colorado, who delivered his annual address. Preliminary organization was effected, after which the convention settled down to work.

The Parsons faction met and was called to order by Grand Master Workman Parsons, who also delivered his annual address. Committees were appointed and an adjournment taken until this morning.

There is much bitterness between the two factions and the convention may be prolonged.

### NAVAL OFFICERS WERE CENSURED.

Commanders of Both Torpedo Boats Blamed For Collision.

Washington, Nov. 14.—The naval court of inquiry which investigated the collision on Oct. 16, near Newport, of the torpedo boats Dahlgren and T. A. M. Craven, has made its report, recommending that Lieutenant Ford H. Brown, of the Craven, be tried by court martial and that Lieutenant William G. Miller, of the Dahlgren, be censured.

On the recommendation of the judge advocate general, Secretary Long dispensed with the court martial and administered censure in both cases. The board found that the Craven had not maintained perfect lookouts and that Lieutenant Brown was mainly responsible for the collision.

### BALTIMORE TO BE IN CIRCUIT.

McGraw and Robinson, of Last Season's St. Louis Team, Own the Franchise.

Baltimore, Nov. 14.—After a series of conferences among the promoters of the American baseball league and a number of local capitalists and sports it was decided that Baltimore will be included in the eight-club circuit of the new association. McGraw and Robinson, of last season's St. Louis team, it is announced, own the Baltimore franchise, and say they will go ahead at once to secure grounds and players for the coming season.

The circuit as planned at present is as follows: Philadelphia, Baltimore, Washington and Buffalo in the east, and Cleveland, Detroit, Chicago and Milwaukee in the west.

### BARONESS SLOWLY RECOVERING.

Ketteler's Widow Invited to Germany. To Be Honored by the Emperor.

Detroit, Nov. 14.—The Baroness Von Ketteler is slowly improving at the home of her father in this city. When she arrived about five weeks ago her relatives were greatly alarmed at her condition. Friends of the family say that as soon as she recovers she will go to the home of the late baron, in Germany, and will be received by Emperor William, who has asked her to come.

New York, Nov. 14.—According to a Berlin dispatch to a New York paper the emperor will offer Baroness Von Ketteler a pension, and create her a countess in her own name. It is probable that the baroness will also be offered the title of lady in waiting to the empress.

She is certain to be welcomed by court, government, society and the people in general with tokens of kind sympathy and regard.

### SOUTHERN COMPLIMENT TO BRYAN.

Georgia Legislature Had Elected Him National President—Sent Thanks.

Atlanta, Ga., Nov. 14.—The Georgia legislature, being unable to adjourn Nov. 6, unanimously elected Hon. W. J. Bryan "president of the United States." Mr. Bryan has acknowledged the compliment, and a letter from him was read in the senate, by order of President Clark Howell. Mr. Bryan says:

"While the returns show that the decision rendered in my favor in Georgia has been overruled by the higher court, which includes the entire nation, yet I beg to express my appreciation of the confidence and good will expressed by the members of the Georgia legislature.

"Yours truly,  
"W. J. Bryan."

### SICK MAN'S ELECTION CONFIRMED.

Legislature of Alabama Confirmed Victory of Samford, as Governor.

Montgomery, Ala., Nov. 14.—The legislature of Alabama met in biennial session. Owing to the critical condition of Governor-elect Samford, organization was perfected, presiding officers were elected and the vote cast at the last state election was counted and the result announced.

A joint session of the two houses was then held and after the election returns had been verified Hon. W. J. Samford was declared the governor-elect.

### TERRIBLY TORTURED BY ROBBERS.

Aged Man Held Over Red Hot Stove. In Critical Condition.

Wilkesbarre, Pa., Nov. 14.—Three masked men broke into the home of aged Joseph Kane, in the village of Sugar Notch, and held him over a red-hot stove until he was terribly burned.

While he was being tortured Kane insisted he had no money. His tormentors then placed him on the floor, where he was found later by a neighbor. He was brought to a hospital in this city, where he lies in a critical condition.

### Some Operators Signed Scale.

Terre Haute, Ind., Nov. 14.—The strike of the hoisting engineers in the Indiana coal fields, which was declared Monday, may be settled by the end of the week. Ten of the Indiana operators signed the Illinois scale and will pay the wages demanded by the engineers for one year.

## THE PAN-AMERICAN.

A GLANCE AT THE GREAT ENTERPRISE AND ITS PURPOSES.

True Picture of Nineteenth Century Development Arranged in a Setting of Unsurpassed Beauty and Splendor at Pan-American Exposition.

If one may judge by the presence of thousands of workmen at the grounds of the Pan-American Exposition and the wonderful progress they have made during the last few months, the Exposition will be opened in a condition of completeness upon the 1st of May next.

For the benefit of those who, for any reason, have not been informed concerning the plans and purposes of this vast enterprise I will state that the Exposition grounds are in the northern part of the city of Buffalo and have an area of 350 acres. Buffalo, with its 400,000 population, is preparing the most artistic creation ever produced for the purposes of an exposition. The completed work will cost probably \$10,000,000, exclusive of exhibits.

The landscape upon which the buildings stand includes a part of one of the most beautiful parks in Buffalo or, in

HALL OF MUSIC.

fact, in the world. The Exposition will thus have the setting of trees, lawns and water features, which have cost the city of Buffalo millions of dollars. The main Exposition buildings are some 20 or more in number and are arranged about a system of beautiful courts some 33 acres in extent. The arrangement is such as to permit the most exquisite decorative effects that the best trained artists of the world may be able to produce.

Space will permit only an enumeration of the principal buildings. These are: The Electric Tower, 375 feet high, which is to be the centerpiece of the most brilliant and novel electric illumination ever conceived; the Propylae, or architectural screen, at the northern end of the grounds; the Stadium, for sporting and athletic events; the Agriculture building, Manufactures and Liberal Arts building, Ethnology building, the Government group of three great buildings, the Midway restaurant building, Electricity building, the Machinery and Transportation buildings and Railroad Station, the Temple of Music, Graphic Arts, Horticulture, Mines, Forestry, Dairy, Ordnance, Service and other buildings, the Albright Gallery of Art, costing \$400,000; the New York State building, costing \$175,000, besides the state and foreign buildings and numerous other structures of beautiful and interesting design for a variety of purposes.

The Midway at the Pan-American Exposition alone will cost more than some large expositions. It is estimated the cost of the Midway will be about \$3,000,000, as it will have more than a mile of frontage closely built with the most picturesque structures conceivable and will contain between 30 and 40 entertainment features of most novel and interesting character.

The purposes of the Exposition are not merely to give the people a most magnificent and attractive entertainment, but it will furnish the opportunity for every one to inform himself upon the progress of the nineteenth century. The Exposition is held for the purpose of celebrating the achievements of the western world during a century of unparalleled progress. It is distinctly a western world affair, all the governments of the western hemisphere having been invited to partici-

pate in all departments. Official responses have been made by every important government, state and dependency of the western world, and they are preparing to be represented by most creditable exhibits.

The exhibits are classified in the following divisions: Electricity and electrical appliances; fine arts, painting, sculpture and decoration; graphic arts, typography, lithography, steel and copper plate printing, photo mechanical processes, drawing, engraving and bookbinding; liberal arts, education, engineering, public works, constructive architecture, music and drama, sanitation and hygiene; ethnology, archaeology, progress of labor and invention, isolated and collective exhibits; agriculture, agricultural implements; machinery and appliances, foods and their accessories, horticulture, viticulture, agriculture, forestry and forest products, fish, fisheries, fish products and apparatus for fishing; mines and metallurgy, machinery, manufactures, transportation, railways, vessels, vehicles, ordnance, exhibits from the Hawaiian Islands, Porto Rico, Guam, Tutuila and the Philippine Islands.

The Exposition has the indorsement not only of the state of New York, which appropriated \$300,000, but of the national government, which appropriated \$500,000 for the purpose of being suitably represented upon this great occasion. The Exposition will continue six months and will furnish an opportunity such as rarely comes for the public to take note, at a glance, of the wonderful progress of the western world. It will be like a great university, at which the young and old will become for the time being students of western civilization.

About 12,000 people have subscribed to the stock of the Exposition, and it is a public enterprise in the broadest sense of the term, the aim being to produce a magnificent spectacle to delight the artistic sense of all who attend and to present through the medium of an army of enterprising exhibitors a true picture of nineteenth century development. John G. Milburn, an eminent lawyer of Buffalo, is president, and the director general is William I. Buchanan, who was director of the departments of agriculture, live stock and forestry at the World's Columbian Exposition at Chicago and afterward for six years United States minister to the Argentine Republic.

### "PAN-AM." RESTAURANTS.

The Best of Service Will Be Provided.

The needs of the inner man will be well attended to at the Pan-American Exposition to be held at Buffalo from May 1 to Nov. 1, 1901. At some expositions a great mistake has been made by not providing for good restaurants, where satisfactory meals could be obtained at reasonable prices. Either the food obtained has not been of good quality or prices charged have been exorbitant or the facilities in some particulars have been inadequate to the occasion.

There will be good restaurants in different parts of the grounds of the Pan-American Exposition, so that it will not be necessary for visitors to go outside of the grounds to secure a good meal, well served, at a moderate price. All tastes will be suited in the services rendered, for there will be places where meals will be served on an elaborate plan to suit the most fastidious taste and where prices will be in proportion to those charged at high class restaurants in large cities. There will be other places where the meals will be cheap, but the food appetizing and healthful and the surroundings clean. There will be restaurants in the beautiful building at the entrance to the Midway, another in a similar building at the entrance to the Stadium, another in the Electric Tower, which will be one of the great centers of interest on the Exposition grounds, and another on the Midway. Refreshments will also be served in the Temple of Music, which may be enjoyed by visitors at the same time that they are listening to the concerts in progress in the auditorium. There will also be a New England kitchen, a German restaurant, a Mexican restaurant, an Italian restaurant and other places where various kinds of refreshments will be served.

When a man approaches you and begins telling how honest he is, hold your hands on your pocketbook.—*Atlantic Globe.*

## 1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

### WINE OF CARDUI

South Gaston, N. C., May 29, 1899.  
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.

### EAGLES AT THE EXPOSITION.

Remarkable Decoration For Ethnology Building at Buffalo.

The building devoted to the Departments of Ethnology and Archaeology at the Pan-American Exposition, which is now approaching completion, will have some remarkable sculptural decorations. Among them will be gigantic figures of eagles and lions, which will be placed upon eight of the 16 panels

SERVICE BUILDING.

of the domes. These sculptures in staff will be conspicuous features of the architecture of this beautiful building. Models in clay are first made of the figures, and from them reproductions in staff are cast.

The model of the eagle has just been completed. It is of colossal size. In the model nearly 10,000 pounds of clay have been used, and each bird, when cast in staff, will weigh fully two tons. The sculptured eagle will measure nearly 16 feet in height.

### Essays on Pan-American.

A movement to interest the public school teachers and public school pupils in the Pan-American Exposition to be held at Buffalo next summer has been started. It originated in some of the public schools of Pennsylvania and is being taken up elsewhere as the wisdom of the plan becomes apparent. The idea is to have the teachers in the public schools write essays for various occasions of an educational character on the objects and aims of the Exposition and the bearing that such a display will have on the commerce of the world. A similar plan regarding the Paris Exposition was found quite successful and resulted in the attendance of a large corps of teachers at that fair. The plan contemplates also essays by pupils. It is believed that in this way much information can be spread regarding the benefits to be derived from cultivating closer relations with the different countries of this hemisphere and that it would result in greater intelligence among the public school

teachers and pupils on this subject, as well as a larger attendance among this class of the population at the Exposition.

### Cracks in the Range.

Filling for cracks in a range is made by taking common wood ashes, adding an eighth or more the quantity of salt, mixing the whole to a thick paste with cold water. Fill the crack and usually the filling will remain until the stove is useless. Should it crumble out, "try, try again." Blacking can be applied to it as well as to the stove.—*Good House-keeping.*
